

# RHEUMATISM

The form of rheumatism known as inflammatory means that the rheumatic poison in the blood has affected the joints. It is characterized by excruciating pain and fever and the hands and wrists are often distorted and crippled.

Mr. John Blake, a veteran of the Civil War, now a prosperous farmer, whose address is R. F. D. No. 2, Verona, N. Y., says:

"I was so afflicted with rheumatism that life was a misery. The pain was mostly in my limbs while my hands were so crippled that I could not close them. I suffered like this for years and there seemed to be no chance to get well. One day I read of Dr. Williams' Pink Pills and I gave them a thorough trial and was completely cured."

No external remedy will cure rheumatism for the poison is in the blood and the best blood medicine to combat rheumatism is

## A REGULAR CIRCUS

Every Time Children Had to Take Cod Liver Oil.

We have all seen or experienced it—they had to be bribed—their noses held, and some sweets ready as soon as it was swallowed, and even the grown-ups demanded preserves, lemon or coffee in which to take cod liver oil.

That was years ago before two eminent French chemists, Morgues and Gautier, discovered how to separate the medicinal and curative elements of the cod's liver from the useless, nauseating oil and produced Vinol.

Vinol is not a patent medicine, but a real cod liver preparation, containing in a highly concentrated form all of the body-building, strength-creating and curative elements of cod liver oil actually taken from fresh cods' livers, with all the useless oil eliminated and a portion of iron added. It is delicious to take and children love it.

We ask every mother in Oakland who has a weak, delicate or ailing child, every run-down, debilitated or aged person, and every person suffering from pulmonary troubles to try Vinol on our offer to return money if it fails to give satisfaction. The Owl Drug Co., Oakland, Cal.

## Uncle Sam to Quit Employing Boys

WASHINGTON, Feb. 28.—Postmaster-General Meyer is of the opinion that it is prejudicial to the welfare of young America to employ him as a special delivery messenger in the postal service, and has issued an order that whenever a vacancy occurs the position shall not be filled by boys, but that sub-letter carriers and clerks shall be employed to effect special delivery. He states that these messenger boys are called upon frequently to visit long distances late at night in lonely outlying sections of the great cities, falling to make deliveries at times through fear or weariness. The object of the order is to bring about the discontinuance of the service of boy messengers.

Married to Edward B. Lampkins at a Pretty Home Wedding Last Night.

Miss Laura E. Scott and Edward B. Lampkin were married last night at the home of the bride's parents, 1166 East Twentieth street. Rev. Mr. Hart of the Presbyterian church of East Oakland officiated. Sixty-five friends and relatives of the bride and groom were present at the ceremony, which was performed under a canopy of jasmine and bells. Miss Bessie Logan was the main of honor and James Scott was best man. Miss Louise Lusinger played Lohengrin's wedding march, Walter Lydickson and James Scott sang "O Promise Me."

Mrs. Lampkin is the only daughter of Mrs. F. R. Scott of 1166 East Twentieth street, where she has resided for many years.

## S.S.S. HEALS OLD SORES

The deep, underlying cause of every old sore is a bad condition of the blood. This vital fluid has become infected with some germ or poison which prevents the place from healing. This infection may be the result of an inactive, sluggish condition of the system leaving the refuse matter in the body to be absorbed into the circulation instead of throwing it off through the usual channels of nature. Another cause is the weakening or polluting of this life-stream from hereditary taints, or from the effects of a long spell of sickness, leaving disease germs in the system. When the blood is in this condition a sore cannot heal because the impurities with which the circulation is filled are being constantly discharged into the place to irritate and inflame the tissues and further disease the surrounding flesh. The only treatment that can do any good is one that removes the cause, and for this purpose nothing equals S. S. S. It begins at the fountain head of the trouble and drives out all germs, impurities and poisons, and then the place, being supplied with rich, pure blood, heals naturally and permanently. Local applications assist in cleansing the place, but a cure can only be effected through a purification of the blood. Book on Sores and Ulcers and any medical advice free. **Business Better, Says Guggenheim**

NEW YORK, Feb. 28.—Daniel Guggenheim, president of the American Smelting Company, who will sail Tuesday for a three months' vacation abroad, talked yesterday on business conditions. "Indications," he said, "point to a turn upward. Enterprises which were halted last winter will be financed now. There will be a steady betterment throughout the year. By the time the elections have been decided, fresh capital will be forthcoming. Wall street is undoubtedly blue. It is my opinion that present conditions do not warrant much pessimism. Wall street is no doubt the barometer of the country's markets, but I think it is more sensitive to a coming decline than a succeeding recovery."

## Havoc Wrought by Plague Almost Inconceivable.

The casual observer does not know of the havoc wrought by the white plague in the homes of this city. Its work is quiet, but none the less terrible. The public should awaken to the demand upon it for sympathy and support. There is no doubt that consumption can be eliminated if the people will join in the efforts of the anti-tuberculosis societies. Much has been accomplished and complete success is certain if the people themselves will help.

The first duty of mankind to itself is to guard in every way possible against the deadly germ. Neglect of even an ordinary cough or cold is dangerous, as the resulting irritation of the lungs renders them sore and especially receptive to the tubercular germ.

To break up a cold quickly and cure any cough that is curable, there is nothing so effective as a mixture of two ounces of glycerine, a half ounce Virgin Oil of Pine and eight ounces of good whisky. Mix thoroughly and take a teaspoonful every four hours. Five ounces of tincture of Cinchona compound can be used instead of the whisky with the same effect.

These pine needle oils are not intended for internal use, and when taken internally usually cause nausea. Their use is mainly confined to the manufacture of soap and similar purposes.

The ingredients are inexpensive and can be purchased without trouble at any good drug store. To avoid substitution of some inferior pine product for the Virgin Oil of Pine, it is better to purchase each separately and mix them at home.

The genuine Virgin Oil of Pine is put up for dispensing only in 15-ounce vials, each vial securely sealed in a round wooden case with an engraved wrapper showing plainly the name—Virgin Oil of Pine compound pure guaranteed under the Food and Drugs Act of June 30, 1906, Serial No. 451, prepared only by Leach Chemical Co., Cincinnati, Ohio. Be sure to get the genuine, as the oil sold in bulk and cheap imitations put out to resemble Virgin Oil of Pine in name and style of packaging are ineffective, being largely composed of a distillation of pine needles, or leaves, instead of from the pine tree proper.

These pine needle oils are not intended for internal use, and when taken internally usually cause nausea. Their use is mainly confined to the manufacture of soap and similar purposes.

## HYNES OFFERS BATHING ORDINANCE TO COUNCIL

Measure Would Regulate Public Bath-houses.

Assistant District Attorney Hynes appeared before the ordinance and judiciary committee of the City Council last night with an ordinance he had prepared relative to maintaining sanitary and moral conditions in public baths. Similar ordinances have been introduced in Alameda and Berkeley, and are the outcome of investigations made by Hynes into the manner Japanese bathing houses in Alameda are conducted. He found men and women bathing together in the same tubs, he avers, and found that the same water was used over and over again by different persons.

The ordinance provides that all public bathing receptacles, except swimming tanks with an area at least 250 square feet and a depth of three feet, shall be kept in a clean and sanitary condition and shall be lined with porcelain, metal, stone, tile or cement, and have proper sewer connections; that only one person shall use one bath at a time, and that not more than one person shall use the same water, and that males and females must be kept apart. The maximum penalty for violating this ordinance is to be a fine of \$300 or imprisonment for 150 days.

# BURNS CAUGHT TRYING TO TAKE RUEF IMMUNITY CONTRACT, RABBIS SWEAR Detective Sought to Substitute Unsigned for Signed Document, Is the Claim.

SAN FRANCISCO, Feb. 28. — Affidavits sworn to by Rabbi Jacob Nieto, and Rabbi Bernard Kaplan, state that Detective William J. Burns attempted to substitute an unsigned copy of Ruef's immunity contract for the original document held in escrow at the First National Bank, which is the Rudolph Spreckels bank. Rabbi Kaplan, according to the affidavit which will probably be filed in court soon, saw Burns' trick and stopped the attempted substitution.

The alleged attempted fraud was preceded by a night meeting on January 16, at the home of Rabbi Nieto, 1769 Bush street. This was on a Thursday, and Ruef's contract was declared annulled by District Attorney Langdon, the following Saturday night. The meeting was arranged by Detective William J. Burns, who was explicit in explaining to the two clergymen why he desired it held.

## To Refresh Memory.

"We might just as well refresh our minds on the terms of this immunity contract. Burns is alleged to have said. 'The prosecution now is trying to induce Judge Laxlor and Judge Dunne to comply with the contract, and we are much more likely to hit upon a continuing argument together.'"

Ruef was then holding daily conferences with District Attorney Langdon in regard to his immunity. He was invited to the conference at Rabbi Nieto's house and was granted the privilege of leaving the county jail to do so.

When Ruef arrived at the house he found Rabbi Nieto and Rabbi Kaplan waiting for him. Burns was preceded by a young man whom he afterward introduced as his secretary and stenographer. This person took notes of the conference, which lasted from 9 until after 10 p. m.

Everybody joined in the talk. Ruef himself making suggestions and comments that were carefully noted down by the amanuensis of Burns.

Just as the conference was breaking up Burns suggested that he would like to take a look at the attested copy of Ruef's contract, which was signed by District Attorney Langdon, Francis J. Heney and Ruef himself.

## Burns and Nieto Had Keys.

This document was in a safe deposit box at the First National Bank. Joint keys of the box are held by Burns and Rabbi Nieto and it cannot be opened unless both are present.

## START WORK ON FABIOLA'S BIG SURGICAL BUILDING

Ground was broken this morning preparatory to excavating for the Fabiola hospital's surgical building, which, when completed in five months at a cost of \$48,000, will be one of the finest structures of its kind in the country, according to Architect Charles W. Dickey.

The new surgical building will be three stories in height, frame, with cement exterior. The top floor will contain three large operating rooms and all the most modern adjuncts.

The other two floors will contain twenty rooms for patients.

The surgical building will be connected with the main hospital by a covered passage from the second story, running over the driveway.

Perhaps the most interesting feature, to a layman, is the elaborate and unique system of heating and ventilation.

Warm fresh air will be blown into every room and sucked out by fans. The air will be thus wholly changed four times every hour in the sleeping rooms, and six times every hour in the operating rooms.

## JUDGE OVERRULES NEW NATURALIZATION LAW

A decision rendered by Judge Van Fleet in the United States Circuit Court yesterday overrules a regulation made by the secretary of the Department of Commerce and Labor in naturalization proceedings.

The old law allowed applicants to obtain first papers when he was over eighteen. This has been changed by the new law and makes the minimum twenty-one years.

Thors Harold Polsson applied for papers upon first ones taken out when he was nineteen years old. He was refused.

can do no one concerned an injustice." "I have such confidence in Mr. Burns that I would not suspect him of anything," replied Rabbi Kaplan.

## Wise to Be Careful.

"It is always wise to be careful," said Ruef. "I have had the same confidence in Burns as yourself, but certain things have transpired recently that have guided me in making this request. It will do no harm to have your eyes on the document."

Rabbi Kaplan promised Ruef to do as he asked. The next day Rabbi Kaplan accompanied Rabbi Nieto and Burns to the safety deposit vaults of the First National Bank at Bush and Sansome streets.

The joint keys were used in opening the box, and Burns scanned a copy of the contract closely. Rabbi Kaplan held the original and compared the two. Finally Burns put one of the documents back into the envelope of the original. When the envelope was closed Rabbi Kaplan protested.

## Burns Turns Crimson.

"Why, Mr. Burns," he said, "that isn't the original document at all. It's only the copy."

Burns crimsoned and excused himself.

The original document was then replaced in the envelope and ostensibly put back into the box, which was closed and locked.

Ruef is declared by some of his friends to doubt whether or not the original document is still in the box. Neither Ruef nor his attorneys would consent to discuss the matter in any way yesterday.

Should the box be found to contain an immunity contract without the signatures of the members of the prosecution, Ruef believes that his plans of defense would be greatly interfered with.

"I have made it an invariable rule while my cases are pending to refer all questions of this kind to the members of the prosecution," said Ruef. "I always wait for them to talk first before committing myself in any way."

He could not be induced to talk further.

Besides the feeling growing out of the incident at the bank, Rabbi Nieto is said to feel piqued at the prosecution for bringing a stenographer into his home while the conference arranged by Burns was being held.

Rabbi Nieto regards this as especially bad form. He takes the position that his standing as a clergyman is well known in San Francisco, and that it was unbecoming for the prosecution to make a record for future use of things he talked about in confidence.

## Nieto Tells of Meeting.

When asked regarding the midnight meeting held at his house and the subsequent visit with Detective Burns to the

## Auto-Vivisection

Do You Deliberately Torture Yourself Alive By Neglecting Your Stomach?

A great outcry has arisen during the last few years against scientists who tortured dumb animals alive in the interests of science. How many people are there, however, who needlessly torture themselves by causing their stomachs to overwork. Dyspepsia, indigestion, heartburn, sleeplessness, loss of vim and energy are the inevitable result.

Are you one of these? Why not give your stomach a rest? Stuart's Dyspepsia Tablets will relieve your stomach of all its work and do it for you. They are compounded of the very elements and do the work which the stomach performs when in normal health, aspepsin, malt diastase and liver ingredients.

Dr. Richardson in writing a thesis on treatment of dyspepsia and indigestion, closes his remarks by saying, "For those suffering from acid dyspepsia, swollen by sour, watery risings, or for flatulent dyspepsia shown by gas on stomach, causing heart trouble and difficult breathing, as well as for all other forms of stomach trouble, the safest treatment is to take one or two of Stuart's Dyspepsia Tablets after each meal. I advise them because they contain no harmful drugs, which act promptly upon the food eaten. I never knew a case of indigestion or even chronic dyspepsia which Stuart's Tablets would not reach."

Cheap cathartic medicines claiming to cure dyspepsia and indigestion can have no effect whatever in actively digesting the food, and to call any cathartic medicine a cure for indigestion is a misnomer.

Every druggist in the United States and Canada sells Stuart's Dyspepsia Tablets, and they are not only the safest and most successful but the most scientific of any treatment for indigestion and stomach trouble.

Price 50c a box at all druggists. Free sample on application to F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

safe deposit vaults, Rabbi Nieto said: "The meeting was held at my house on the night of Thursday, January 16th. The appointment was made by Mr. Burns for the purpose of discussing the immunity contract and to determine whether or not Mr. Ruef had lived up to his end of the agreement. I did not know at the time that Mr. Ruef was to be present at the conference. He came later."

"The first man to come to my house was a stenographer employed by Mr. Burns. I would have objected to this, but I was afraid that Mr. Burns would say that we had not given him a chance to show that Mr. Ruef had not lived up to his end of the contract. He questioned Ruef concerning matters that seemed immaterial to me. He said that he wanted to get data to refresh the memory of District Attorney Langdon concerning the midnight meetings that had been held."

## Judges Acted for City.

"Mr. Burns stated that he wanted to compare a copy of the contract with the original, which was in a safe deposit box."

"The following morning Rabbi Kaplan and myself accompanied Mr. Burns to the bank where the contract was kept. Burns wanted Dr. Kaplan to read the original contract to see if it was the same as the copy. Dr. Kaplan started to place the copy back in the safe deposit box. Dr. Kaplan called his attention to the fact, and then Mr. Burns restored the original to the envelope and to the box. The copy which Mr. Burns

## SAID TO REST THE STOMACH

At a recent medical convention when discussing the subject of dyspepsia and its disastrous results at undermining the system, a prominent Boston specialist made the statement that his several years of investigation along this line convinced him that for the relief of this malady and all forms of indigestion there is nothing can approach the Pasteur formula for effectiveness and quick results. He said its action completely takes over the digestion of the food entirely relieving the stomach of its labors. In this way the digestive organs obtain a rest just as if eating were wholly discontinued and they quickly recuperate their normal health and activity in the secretion of gastric fluids.

A well known local physician when asked about this formula gave it as follows: "Two ounces Essence of Pepsin, three ounces Syrup of Ginger; one ounce Catarrh Compound. These to be well mixed and used in doses of from one to two teaspoonfuls after each meal, also at bed time for the first four or five days."

He also said it was indeed very effective, pleasant to the taste and, that the ingredients can be had from any good drug store and easily mixed at home.

## BERKELEY CHAMBER FIXES OAKLAND "DEAD LINE"

Members Object to Section West of Adeline Street in Proposed Supervisory District.

BERKELEY, Feb. 23.—There is a "dead line" in Oakland, according to the sentiments expressed at a mass-meeting in the Chamber of Commerce last night, beyond which neighborhood and eligibility to associate with Berkeley does not exist. It is the region west of Adeline street.

"Those who live there are undesirable," said W. J. Mortimer, one of the directors of the Chamber, who, in an effort to get the sentiment of the organization on the effort to secure a new supervisory district for Berkeley, declared that rather than take in a certain element of population in Oakland he would have the present district boundaries remain.

"We want nothing of the people west of Adeline street, especially the immediate district south of the Berkeley line. That is the region inhabited by the Emeryville population and the race track hangers-on and other undesirable," said Mortimer. "If we have to include these people in our Berkeley supervisory district I would sooner have the present conditions continue. I would take in what population we need from the region of

## SORORITY GIRLS ENTERTAIN 500 Are Guests at Reception

BERKELEY, Feb. 23.—The Gamma Phi Beta home on La Conte avenue was the scene yesterday afternoon and last evening of one of the largest receptions of the college year. The sorority house was elaborately decorated in masses of flowers, ferns and shrubbery.

Those receiving were Miss Lucy Sprague, Dr. Joseph Peisotto and other members of the faculty, with Miss Alma Easton, Miss Mary Riley and Miss Daniels, seniors of the house, and other members of the sorority.

The guests of the day, about 500 in number, included besides college young people, many of the most prominent residents of Berkeley, as well as guests from San Francisco, San Jose, Belvedere and other cities around the bay.

The Gamma Phi Beta sorority ranks among the strongest and foremost of the fraternal organizations in the University of California, and the girls of the sorority take a leading part in the social, theatrical and business affairs of the college, among the members being Misses Alice Southworth, Beulah Bridges, Alma Easton, Edna Dunbar, Olive Griffith, Florence Hincks, Mary Riley, Genevieve Goodacre, Mari Dargo, Margaret Griffith, Lucile and Beta Daniels, Iona Garret, Florence Knorr, Elizabeth Austin, Sidney Gray, Hazel Pierce and Cecil Howard.

## WOMEN WILL FIGHT THE RODENTS IN BERKELEY

Mass Meeting Called to Convene Next Monday at Town and Gown Clubhouse.

BERKELEY, Feb. 23.—Warren D. Allen, organizer of Trinity M. E. Church, announces a revival in the church auditorium next Monday evening. One of the main features of the program will be some selections from Saint-Saens' Christmas oratorio. In addition each of the regular choir soloists will contribute a number. Miss Clara Freuler will render Elizabeth's Prayer from "Tannhauser"; Miss Rena Walz will give Mendelssohn's "Requiem in the Lord"; and A. E. Brear, Marianne's "Invocation." The instrumental part of the program will consist of some organ numbers from Mr. Allen and some violin solos by Walter Manchester. Mr. Manchester will play the magnificent but rarely heard Cello of Vittali, and Veracini's Sonata in B minor.

## HILLSIDE JUNIOR CLUB TO GIVE COLONIAL FETE

BERKELEY, Feb. 23.—The Colonial Fete of the Hillside Junior Club will be held this evening in the Hillside clubhouse. Preparations have been under way for several weeks among the young folks.

The entertainment will be headed by a play which is to be acted by the young thespians of the club. This has been rehearsed thoroughly for several weeks and is expected to attract much attention and favorable comment. A colonial booth, flower booth, tea room, poster and penant booth, and candy booth will be features of the entertainment. A fish pond is also expected to furnish much amusement. The affair is for the benefit of the junior club.

## SAYS BERKELEY IS SLOW TO GET AN IDEA

Improvement Club President Talks Sharply to People of College Town.

BERKELEY, Feb. 23.—It takes two years to incubate an idea in Berkeley, according to Victor J. Robertson, president of the North Berkeley Improvement Club. Robertson made this statement in reply to General Charles A. Woodruff, retired army officer, who, at the "Get Together" talk last night, deplored the lack of harmony among improvement clubs and the absence of unity of effort for the proper improvement of the town.

"The university here propagates intellectuality and this condition operates against the 'obey and follow your leader' spirit," said Woodruff. "There we have a high degree of intelligence, we have a university of opinion. Still the only remedy for Berkeley is to adopt the army idea, unite the efforts of the varying factions under responsible leadership. There must be a head to an affair and the rank and file must obey. I believe that the Chamber of Commerce of Berkeley is fitted to lead in all great movements. We must have no knocking it we wish to work out the destiny of the place."

Robertson was to speak on the "Improvement Club Idea" and was to make an explanation of the attitude of the clubs towards the Chamber, which has been frequently in opposition of late.

"General Woodruff says," said Robertson, "but I know by experience it is pretty slow to grasp things at times. It takes two years to incubate an idea here. Why, it took six years to convince the people that we needed the municipal wharf. And we are now endeavoring to convince the people that we need \$400,000 spent for proper piping for fire and water purposes and we expect in the dim future that we will drive it into the heads of the people."

Rev. John Howland Lathrop, pastor of the First Unitarian church, President G. B. Ocheltree and Fred E. Reed also spoke.

"Ich! Ich! Ich!—Scratch! Scratch! Scratch! The more you scratch the worse the itch," Dr. Dean's Ointment. It cures piles, eczema, any skin itching. All druggists sell it.

## MISS FEULER PLIGHTS HER TROTH

BERKELEY, Feb. 23.—Miss Grace Feuler was married last evening to Arthur S. Baker of Los Angeles. The ceremony was performed by Rev. S. D. Hutsinpiiler, pastor of Trinity M. E. Church, at the home of the bride's parents, Mr. and Mrs. J. Freuler, 2527 Ridge road. The bride was attended by six bridesmaids, Misses Grace Faylor, Ada Lockett, Wilma Reed, Florence Morris, Hilda Mathews and Olive Morrish. The groom is a practicing member of the Los Angeles bar.

Mrs. John T. Nance was hostess yesterday afternoon at her home in Arch street. Mrs. Nance was assisted in receiving by Miss Merrill Miller, Mrs. C. A. Woodruff, Mrs. Charles Bancroft, Miss Bettison, Mrs. Stout and Miss Nance.

Miss Katherine Hyde was hostess yesterday to about thirty girl friends who were asked to the Hyde home in Tenth street. Miss Hyde is a house guest at the Hyde home. Bridge furnished the afternoon's pleasure, and preceded the serving of tea. Among the guests were Harriet Meek, Miss Gladys Meek, Miss Arlene Johnson, Miss Pegula Hoffmann, Miss Josephine Johnson, Mrs. Harry Hyde Hathaway, Miss Helen Sutton, Miss Josephine Johnson, Miss Rose Kale, Miss Katherine Bennett, Miss Mae Moffitt, Miss Nora Meyer, Mrs. Vera Meyer, Miss Elsa Schilling, Miss Edith Mau, Miss Polly Mathews, Miss Anna Posten, Helen Weston.

Mr. and Mrs. Edward Lawrence are entertaining G. W. Austin of Bar Harbor, Mr. J. C. Connelley of their guests yesterday evening a dozen friends at which at their home in Henry street.

Mrs. Jefferson Dille and Miss Dille were yesterday afternoon for Mrs. A. Steinger of Palo Alto, who is visiting at the Dille home in Channing way, was a delightful affair, to which about 100 guests were asked.

Cards have been received by friends in Berkeley announcing the marriage of Miss Laura Thompson, niece of Mrs. William Brougher of Carson City, to James T. Shaw, which was an event of high noon, Wednesday, February 22, at the home of the bride's aunt. Mr. Shaw was a former University man, a member of the '96 class and a Delta Upsilon fraternity man.

Mrs. Arthur Rickard entertained the members of one of the fortnightly bridge clubs yesterday afternoon at her home on LeConte avenue. Among those present were Mrs. Edwin Blake, Mrs. Ralph Phelps, Mrs. Irving Wright, Mrs. William Olney, Miss Alice Rickard, Miss Nora Thomas, Miss Katherine

## Popular Priced Grades of Spring's New Models

A feature of our Tailored Garment section is the strong showing of Suits at popular prices.

We always give special attention to these grades because we recognize that by far the greater number of purses have well-defined limits. But while there is economy of price, there need be no economy of stylishness.

This Spring's popular-priced Suits are faithfully modeled after garments that cost from two to three times as much. The materials are Panamas, serges, mannish mixtures and the favorite semi-distinct stripes.

The details of Coat and Skirt are in strict accord with the season's demand, the workmanship is faultless.

## When You Buy a Piano Get a Chickering

You can't afford to experiment when you buy a piano. Just at present the inclination may be strong to purchase something "cheap," a so-called "piano," because it looks pretty good, has a high polish, and you get a pretty scarf throw in.

Don't, don't, don't—you'll rue the day you ever gave this "cheap" piano room in your home.

When you buy be sure you are dealing with a reputable firm. There are always some reliable dealers in every line of trade whose long years of fair dealing have given them an established reputation. Benj. Curtaz & Son have been in business for over half a century and guarantee every instrument they sell.

Then, again, be sure you buy a piano of established name and quality. A cheap piano is never a bargain. Chickering Pianos were the standard when our grandparents were youngsters, and are the world's foremost make today. A Chickering never needs an introduction.

Come in and talk over pianos with us. We can make it easy for you to own a Chickering. Our prices are low—just based on factory cost, plus handling expenses.

STRICTLY ONE PRICE AND THAT THE LOWEST. These words are so often written and so seldom meant that we want you to investigate us thoroughly. You will find that we have the same price for everyone, the lowest price for everyone. No sliding scale of prices here.

# RESIDENTS WILL STOP DUMPING WITH SHOTGUNS, IF NECESSARY

## Contra Costa Improvers Up in Arms Over Placing of Berkeley Garbage Near Their Homes.

"The dumping of garbage by scavengers from Berkeley on the property of the California Powder Works on the Contra Costa county side line is a serious matter with us, and if it is not discontinued at once, as we have requested, we stand ready to get out with our Winchester and see that it is done," said W. C. Cutchan, a member of the Contra Costa Improvements Club, an organization which is

composed of residents in the vicinity of the county line. The California Powder Works, at the request of this organization, has canceled its agreement to allow the scavengers to dump on its property, and has ordered the town trustees of Berkeley to direct the scavengers to stop dumping the garbage on this property by March 1. The town trustees are now endeavor-

ing to obtain another site for the dumping of the garbage and it may be found that it will be necessary to secure barges to take the refuse to sea and dump it there.

Some time ago the Contra Costa Improvements Club requested the California Powder Works to revoke its permit to the scavengers and the company did as requested. The board of trustees of Berkeley was notified of this action and was told to direct the scavengers to stop dumping on the grounds March 1. An extension of sixty days was asked by the board, but owing to the strenuous opposition of the members of the improvements club the powder company has not allowed the extension and demands that the dumping of the garbage be stopped on March 1.

**Will Use Shotguns.**

Cutchan, in an interview this morning, said:

"There are thousands of rats now inhabiting these dumps, and we believe that they are a menace to the health of the community. The fumes arising from the dumps are very obnoxious, and for this reason we requested that the practice of dumping on this property be stopped."

"I now understand that the Berkeley authorities do not intend to stop the dumping at once. If it is not

# ACCUSES HER HUSBAND OF KIDNAPING BABY BOY

## Saved Her Spouse's Life, She Claims

Mrs. Frank Antonuccio, a dark-eyed, attractive woman of the Latin race, who recently ordered her husband to leave her home in West Oakland upon his alleged attempt to commit suicide because of his inability to obtain work, appeared at the City Attorney's office this morning and said that her husband had kidnapped their three-year-old son and had forcibly removed him to the home of his grandparents at Fruitvale.

Mrs. Antonuccio was in search of legal advice as to what steps to take in order to regain possession of her child, and left the City Hall with tears streaming down her face when informed that the husband had the same right to the custody of the child as she had, and that she

stopped by March 1 we will resort to radical measures, even as far as going out and backing up what we think are our rights with shotguns."

would be obliged to seek satisfaction through the courts.

Mrs. Antonuccio has filed suit for divorce on grounds of failure to provide. Some weeks ago Antonuccio attempted to swallow a quantity of iodine with suicidal intent, his wife said. He was prevented from carrying out his purpose by his wife, who struggled desperately with him, she declares, and finally wrenched the bottle of poison from his hand. She then ordered him to leave the house, saying that she should be charged with his life, she might be charged with his murder by his parents, with whom she was not on the best of terms.

"Some days after my husband left my home at my commands," said Mrs. Antonuccio this morning, "he hung around the house every day and finally, when he saw me leave the place, he ran up to our child, which was playing in the streets and, despite the cries of the

boy, carried him away to Fruitvale. He refused to let me see the child. Yesterday I went to Fruitvale. The folks there saw me coming and quickly took the child in the house. The baby cried hard to come to me, but he wasn't allowed to do so.

# CHEAPER COAL FOR CALIFORNIA

**THE MONTEREY COAL COMPANY**  
with its 21,000 acres splendid coal lands about 150 miles from here recently developed its first 200 to 1000 tons of coal per day, when they have their own railroad to the nearest railroad station completed next fall, offers its first 100,000 tons (non-assessable) stock for sale. With their coal the mechanical deposits of splendid clay suitable for the manufacture of pressed brick and sewer pipe. A plant will be built right at the mines, where fuel is plentiful. Regarding this coal, the report of the U. S. Geological Survey reads: "The coal beds are practically inexhaustible, the heating properties are excellent, running above most of the bituminous coal of the Pacific Coast, and even the better grades of coal of Wyoming. The hardness and freedom from slaking makes this an excellent shipping coal, and is the best coal south of Washington." This is the best legitimate investment ever offered in this country and one familiar with the earnings of a good coal mine will know that this coal mine will be a big dividend payer in less than two years. This company offers to take anyone sufficiently interested to the mines, where he can see for himself. The first 100,000 shares were placed on the market at \$1.00 a share January 27th, 1908, and over half has been subscribed for. Investigate this offer at once, or call for a prospectus and additional information at 477 ELEVENTH ST., OAKLAND, where you can see the coal burn. \$100.00 for 100 shares invested in the Crown Coal mine, British Columbia, 10 years ago, pays a dividend now of \$10.50 a share, or \$1050 per year. **FRED G. Heard of—Why?**

Because we are forced to sell. We have 18 car loads of pianos which were purchased for our new store, thinking we could occupy it March 1st. Our lease at our present location is void after March 1st. We do not expect to give away this enormous stock, but all we ask is that you pay us the amount we have invested. Note the prices, consider the terms, and you will at once see that we mean business and that every piano will sell at once. If possible, we mean to sell this enormous stock all in one day.

**We Will Not Pay  
Storage—Why?**

Because we believe that the people of Oakland and vicinity will take advantage of this greatest offer ever made by any music firm, no matter where located. Read carefully this entire ad. We mean business for one day only, Saturday. If for any reason we fail to sell this entire stock, it must be boxed and put in storage as we must vacate, and our new store is not and will not be ready for some time.

We do not want these beautiful pianos damaged by workers who cannot complete our new building by March 1st.

and everything known in music equally low, excepting sheet music, which will be given free to every lady caller Saturday, one day, only.

## For Our Future Protection

We will not advertise prices and makes, for we or any other music firm will never be able to duplicate these prices.

## WHY?

Because we purchased this large stock all at one time for cash which enabled us to buy at a large discount, as we figured on showing the largest and most complete line of high-grade pianos ever offered at our opening. Now that we cannot have possession of this store for several days, all we ask is that you pay us the wholesale price plus the freight, and we will give you the benefit of this enormous stock of pianos which was purchased for cash.

## We Do Not Need the Money—We Need the Room

If you will call Saturday we will surprise you what a little amount of money it takes to buy a high-grade piano when you purchase at the factory price. We also have a few used pianos which will be marked at prices so they will sell at once. Read this entire stock this one as it means dollars to you

## Sheet Music Free

One Day Only—Saturday the Great Day

We haven't time to fool with sheet music. We will clean out this entire stock this one day, and every lady caller will receive a copy free. We mean to sell everything within the walls this one day only and the sheet music we will give away. **WE MEAN BUSINESS. READ THE ENTIRE ADVERTISEMENT.**

We do not expect to let terms stand in the road of your purchasing a piano. If you will make us any reasonable proposition we will accept it.

## Six Months' Music Lessons Free

With any piano purchased of us during this sale. Think of purchasing a piano on payments as low as \$1 per week with music lessons free for six months.

## No Commission Paid to Anyone

At these very low prices we cannot afford to pay any friend of yours any amount, no matter how small, to persuade you to purchase a piano of us. Our prices are much lower than ever offered by any dealer and all pianos offered are bargains as you purchase for the factory price, plus only the freight to California. Many persons are deceived by some unscrupulous person who claims to be doing them a favor by helping them to select a piano, when in reality they are working for a commission, and they persuade you to buy the piano from the house which will give them the largest commission. It is hard to believe you have a friend who would do this, but we have callers every day asking a commission, providing they can sell a friend of theirs a piano. We pay no commission to anyone under any consideration. If you have a friend who is a friend we are glad to have you bring them with you for we know they will recommend our pianos at these prices.

## Sale Starts at 9 o'Clock Saturday, February 29, 1908

No pianos will be reserved and no favors shown; first come, first served; best bargains of course will go first. Our doors open at the above stated time to everyone, but if you do not come early we do not want you to feel hurt if some particular piano you wanted is gone. We will not sell pianos until the above stated time, as we want every piano placed, tuned, polished, and after that everyone has an equal show. One price to all, rich and poor. You can buy for the same price whether you are a music teacher, a piano dealer, or the poorest person in California. Only one piano sold to any one person. If you ever expect to own a piano, now or any time in the future, you owe this investigation to yourself. When you find the piano you want if we are too busy to wait on you, mark the piano sold, and wait for someone to make a contract for you. We assure you courteous treatment and extend an invitation to all to at least inspect all pianos which will be ready and on sale Saturday, February 28th.

## 365 Days' Trial

Any piano purchased of us has a guarantee which is as good as the Bank of England. It also carries our own guarantee and agreement of exchange, that is, any time within one year from date you can exchange on any other new piano in our house and all you have paid will apply. These pianos we have handled for years, and we know they will give you perfect satisfaction. There is no doubt of this in our mind, and we want you to feel equally sure that is why we are offering this great inducement. Think what the above prices and terms mean to you. Think of the large number of pianos that must be sold all in one day. We advertise one day only to save expense and enable us to give you a better bargain. We are going to make this the greatest sale California has ever known. You are entitled to a copy of 50c of the sheet music, and we want you to look at our prices. **COME EARLY.**

## Phelan's Chicanery Exposed.

It was dragged out of E. P. E. Troy, the complaining witness in the action for criminal libel, instituted in San Francisco against Fremont Older and R. A. Crothers, that he swore to the complaint at the solicitation of Daniel C. Murphy, member of the water committee of the Board of Supervisors. Murphy is the personal attorney and a family connection of James D. Phelan. He is recognized as Phelan's representative in the Board of Supervisors. This brings the fake proceeding in San Francisco against Older and Crothers directly home to Phelan. It is not strange, therefore, that Rudolph Spreckels and William J. Burns should be backing up the defense in court, and that Hiram Johnson, one of the special attorneys for the graft prosecution, should be conducting the defense of Older and Crothers.

It was also made clear during Troy's examination that the prosecution was intended to be a collusive proceeding to balk the prosecution instituted by William S. Tevis in Kern county and to exploit rival schemes for furnishing San Francisco with a municipal water supply. Deputy District Attorney William Hoff Cook had no mind, however, to be a play-actor in a judicial farce, and insisted upon Troy disclosing to the Court the name of the person who instigated him to swear to the complaint. Then it was that the fine Italian hand of Phelan working through his legal and political agent, Dan Murphy, appeared. It also appeared that the Troy complaint was based on the least libelous of the articles attacking W. S. Tevis, the more offensive ones, which furnished the gravamen of the charges for the Kern county prosecution, being ignored with the evident design of making it easy for the defense.

Troy, the complaining witness, showed his animus against Tevis, whose reputation he is ostensibly trying to protect at the instance of Mr. Tevis' enemy, by indecently denouncing the late Lloyd Tevis, father of W. S. Tevis. He also denounced Deputy District Attorney Cook for compelling him to disclose who inspired his action in swearing to the complaint. He admitted that he did not institute the prosecution in good faith, that he had ulterior objects in view, and that he was hostile to the libeled party and friendly to the libelants.

As the attendance of W. S. Tevis as a witness cannot be secured, he being out of the State, it is impossible for the prosecution to make a showing on the Troy complaint, and Mr. Cook very properly moved to dismiss the case as a collusive proceeding. Strange to say, Judge Dooling denied the motion, and ordered the farce to proceed. Judge Dunne seems to have found him a fitting substitute for the work in hand. District Attorney Langdon was apprised by Mr. Packard, attorney for Tevis, that the Troy prosecution was collusive, but he proceeded nevertheless, declared the prosecution ready for trial and left the case in the hands of his deputy, Mr. Cook, who has tried to do his duty despite the network of chicanery enveloping the whole affair.

## Trying to Insult Secretary Metcalf.

According to the Chronicle, the San Francisco fleet committee, of which James D. Phelan is chairman, has gone out of its way to show gratuitous discourtesy to the Secretary of the Navy by wiring a special invitation to President Roosevelt to attend the reception to Admiral Evans and his armada or send Secretary Root to represent him on the occasion. If this was intended as an affront to Secretary Metcalf, as the Chronicle alleges, it was a contemptible piece of business prompted by the jaundice of petty minds.

Mr. Metcalf is the California member of the Cabinet as well as Secretary of the Navy.

By virtue of his position and residence he is entitled to be regarded as the President's representative at the reception of the fleet in San Francisco. When it was announced that the fleet would sail into the Pacific on a practice cruise, Secretary Metcalf stated his intention to be present here when the fleet arrived. Why should the San Francisco committee seek to affront him or try to snub him over the President's shoulder?

However, the incident is only in keeping with the character and methods of a number of the men comprising the committee. An attempt was made in the beginning to make the fleet reception a part of the graft prosecution, but public protest forbade. Then an intentional slight was offered the Governor of the State, Phelan and Spreckels combining with a lot of sorehead Republicans in an attempt to ignore the head of the State government in the reception of Admiral Evans. Now the same clique has apparently got in a dig at Secretary Metcalf. Possibly the affront had its origin in the reputed ambition of Rudolph Spreckels to sit in the Cabinet.

## Trying to Make Enemies for Taft.

Some of President Roosevelt's alleged partisans in California seem determined to create or provoke an opposition in this State to Secretary Taft. These same persons originally denounced the Taft movement in California as hostile to the President. They declared that nobly but Roosevelt should be considered as a candidate, thus insulting the President with the suggestion that his oft-repeated refusal to serve another term was a hollow pretense. Now they demand the privilege of taking charge of the Taft movement, coupling the demand with injurious aspersions on the motives and character of the men who organized the Taft movement and are leading the party to a united support of the Secretary of War. Dispatches from Washington allege that the erstwhile third term shouters have appealed to the President and Secretary Taft to order the deposition of the local Republican leaders and the elevation of their stead of men who have been rejected by the mass of Republican voters.

Such requests are an impertinence in the first place. In the second, they assume a foreign dictatorship in the domestic politics of this State that does not exist. Thirdly, they are intended to promote factional strife within the party ranks and to alienate the warmest and truest supporters Secretary Taft has in California.

Practically there is no division in the Republican ranks in this State over the candidacy of Secretary Taft. There is no opposition worthy of the name to the nomination of the Secretary of War, and the statements sent to Washington that there is have no basis in fact. They are merely false assumptions on the part of disappointed office-seekers and cantankerous fictionists who are endeavoring to use the President and Secretary Taft as stalking horses in an effort to get control of the party machinery in California.

There is no real friendship for Secretary Taft in the impudent request that the Secretary causelessly affront the men who or-

## INHERITED LOVE FOR OPERA IRRESISTIBLE

MRS. WILLIAM HENRY.

## Mining Man's Bride Stage-Hungry

Mrs. William Henry, who before her marriage was Miss Annie Baumann, is expected home from Los Angeles in a few days.

Mrs. Henry is an Oakland girl who went on the operatic stage. She sang at the Tivoli, and by her talent and energy rose in a short time to be prima donna. She made her greatest success in Los Angeles in "The Bohemian Girl." She popularized several songs while she was there.

Mrs. Henry is said by musical critics to possess a remarkably clear, sweet, high soprano, which she has had trained with the intention of going into grand opera.

Annie Baumann, as she was known on the operatic stage, comes from a family prominent in operatic circles, both in Germany and America. A Born Singer. Miss Baumann was born to her profession. Her father was an operatic manager of note in Germany, and at the time of his death was on his way to the United States to direct a season of grand opera in New York.

Mrs. A. L. Baumann, her mother, is a graduate of the Royal Conservatory of Music in Leipzig, and has frequently given concerts here, at which her daughter has sung.

Annie Baumann's marriage to William Henry occurred several months ago. Since then, much of their time has been spent in travel. He is the owner of valuable mines in Mexico, and has property interests.

Mrs. Henry does not intend to leave the stage, and her inherited love for the opera is probably too strong to resist.

## FEES DUE PUBLIC ADMINISTRATOR GIVEN HEIRS

Official Refuses to Take Money, but Gives It to Poor People.

Public Administrator George Gray and his attorney, John Delaney, gave up their claims to fees for administering the estate of the late Fannie Smith, formerly a well-known school teacher of Oakland, because of the fact that her heirs are blind and poor. The fees amounted to \$402.

Miss Smith was a teacher in Oakland for thirty years. She left an estate of about \$10,000, represented by her savings. As she had made no will, Public Administrator Gray handled her estate. Two sisters and one brother, all of them blind, and all of them living in New York, were those entitled to share in what she had left. This estate was settled in Judge Waste's court today after Delaney had formally renounced his rights to fees.

## PROMINENT PERSONS ARE IN FAVOR OF USING NET

Whether or not it is more humane and better to use nets than lassos in catching dogs was a question debated at length last night before the ordinance and judiciary committee of the City Council. State Senator W. C. Ralston, president of the Society for the Prevention of Cruelty to Animals, led the debate for nets. He was assisted by Frank C. Woodward, A. P. Holland and others, who denounced the alleged methods of Poundmaster Julius Zabel, who is a believer in the rope. The dogs were not represented.

Senator Ralston said: "Nets are now in use in all the large cities of the United States. The rope has been almost entirely discarded as being less humane."

Councilman Burns thought that the hoops on the nets might hurt the dogs when they struck the animals on the head. Poundmaster Zabel was not present to point out the merits of the rope system, so the matter was continued two weeks.

## LETTERS FROM THE PEOPLE

Elmhurst, Cal., Feb. 27, 1908.  
To the Editor of The Tribune—Dear Sir: As a member of the Highland Inhabitants Club I wish to protest against the mis-statements in the San Francisco Call of February 27, regarding the position in which it places Supervisor Bridge, with reference to his appearance before the club of Tuesday evening last. Supervisor Bridge appeared before the club at their invitation and made a straightforward, manly and satisfactory statement in regard to his stand on all matters in regard to improvements and betterments in the district, promising to do all that he could in the furthering of the best interests of the entire district.

He answered questions put to him by members of the club in a generally satisfactory manner, and impressed the members, so far as I have heard, very favorably. President W. C. Clark thanked the supervisor very heartily for his appearance before the club, the fund of information and enlightenment on subjects he had given us, and for stand taken on matters of interest to the club, and in doing so voiced the sentiments of the club. I am sure the statements in the Call are not, in any sense, the sentiments of the club, and it is generally regretted that anyone present could for any reason so grossly misrepresent the facts.

G. K. PORTERFIELD.

## Keep Dogs Off Cars.

Editor TRIBUNE—As a preventive of scattering dogs just now, when every one is advised to clean up and fight rats and fleas, why would it not be a good idea to have the practice of dogs riding on street cars stopped, either by city ordinance, or by the Oakland Traction Company. To my mind and in the minds of many others I have talked with on the subject it would do more good to the public in general than any other one thing. The dogs scratch their fleas off on the cars and the public can not say or do anything. But they get the fleas and take them home for family use.

This is only a suggestion. Take it up or throw it in the waste basket as you like, as I think the press is the only way to get it before the public and expect any result. Yours,

A TAXPAYER AND THE OWNER OF A DOG.

## Lay the Dust, He Says.

Editor TRIBUNE—With a family of four I have recently arrived and located in Oakland, brought hither by the inviting literature disseminated in the East, heralding this city as an ideal spot in which to permanently linger. In preference to other cities of this occidental part of our country. My anticipations, I am happy to say, have been realized, especially regarding your magnificent climate and the splendid lay of your city. But it has one dangerous drawback—its dust.

The soap one finds in most hotels and sleeping cars is—the kind one finds in most sleeping cars and hotels.

Highly scented? Yes. Colored? Of course.

But you need not use it, if, before leaving home, you have had the fore-thought to slip a half cake of Ivory Soap in your toilet case.

Ivory Soap  
99 4/100 Per Cent. Pure

The apparently lax methods employed in allowing it seem to an easterner as rather reprehensible, and cannot but create adverse opinions of the salubrity of your otherwise lovely atmosphere, especially during the dry season, and if allowed to continue, may retard the settlement of desirable citizens and their families in your midst.

Is there any cogent reason why perpetual sprinklers are not employed, as in other cities, and every principal street at least saturated during the sunny hours? If ample provision is not already made for this purpose, it should be at once, for denser clouds of micaceous disseminators that have overwhelmed this fair city since the cessation of the rains I have severely seen in any other city. At least the street car companies should be compelled to allow the awful clouds of disease-producing dust that follow every car during the day. Night and early morning is no time to sprinkle the streets. It should be done during the heated hours, while people are abroad, and the volume of traffic the greatest.

At night, while the city slumbers, the dust has time to settle and become so thick that the sprinklers are most active. I can conceive of few sadder sights than to see the beautiful foliage that adorns the lawns of the handsome residences here, and the houses so well covered to whiteness with thick layers of street dust swirled through the air by the rapid-going cars, autos, and vehicles of all kinds. For the fair fame of your city, this should be remedied, else we easterners may lose the good impression we have otherwise formed of it. The dust is the only objection we can find to Oakland.

soon will leave on their annual outing trip and have taken one of the attractive country places near Sunol for the summer. Among the close friends whom Miss Curdiss asked to meet Mrs. Chamberlain were Mrs. Howard S. Lackey, Mrs. George Ryno, Mrs. Frank Prussia, Mrs. Edward Beardsley, Mrs. Ogden, Mrs. Henry Hook, Mrs. William A. Harshbarger, Mrs. Curdiss, Miss Edna Curdiss, Miss Lou Curdiss and one or two others. Last Monday Mrs. Chamberlain entertained a group of friends who formed one of the winter's luncheon clubs at an informal affair, the dinner guests later spending an hour over their needlework.

**WASHINGTON TEA.**  
Mrs. Frank Anderson entertained recently at a Washington tea, given at her home on Randolph avenue. The decorations were in the national colors and an appropriate program was given. The guest of honor was Clinton E. Jackson.

Among those present were Mr. and Mrs. Frank Armstrong, Mr. and Mrs. A. J. Armstrong, Mr. and Mrs. Chas. Armstrong, Mrs. Emma Merriam, Miss Beatrice Alney, Miss Maye Hall, Ray Armstrong, Mrs. Mary Armstrong.

**PEARCE HUNT.**  
The marriage is just announced of Miss Oliver V. Pearce and Lloyd Hunt of Oakland. The bride is the daughter of William E. Pearce, former general manager of the Pacific Coast Steamship Company.

The young couple were formerly in the choir at the Church of the Advent and were wedded with a quiet ceremony on February 18, Rev. F. Q. Trivett, rector of the church, officiating. None but the relatives and intimate friends were in attendance.

**BAG AND TATTER DANCE.**  
On Tuesday evening, March 3, the Hunters Club will give its first "Bag and Tatter" party. In deference to the hard times. There will be "hard times" prizes for the worst dressed lady and gentleman and fines for well-dressed.

A very jolly time is anticipated. The tickets alone cause amusement and interest wherever seen and cost but fourteen cents.

**WHIST CLUB.**  
Mrs. Walter Edward Teague entertained the Wednesday Afternoon Whist Club at her home on Adelphi street. Among those present were Mrs. Thomas P. Quinn, Mrs. S. J. Minthorpe, Mrs. W. Price, Miss Minthorpe, Mrs. Assenella, Mrs. Marvin Simons, Miss A. MacLeod, Mrs. Frank Robinson, Mrs. E. Dunne, Mrs. Stout, Mrs. Walter Teague and Mrs. J. Jackson.

The prizes were won by Mrs. Teague and Mrs. Stout, and the consolation prize by Mrs. Dunne.

**RECEIPT.**  
The afternoon tea and recital given by Miss Treulowitz and her pupils, assisted by Mrs. Fred Diehl, was a pleasant affair. Those who played were Leslie Diehl, Beatrice Swan, Elsie Rasmussen, Alice Crisp, Charlie Thiele, Eyril Bobet, Willie Meinert, Pearl Gillman, Marie Rollins, Georgia Allyn. Those present were Florence

## Husband Had Wife Commit Bigamy to Get Revenge, Is the Charge

NEW YORK, Feb. 28.—When Mrs. Bertha Jeager-Gray was sentenced to two months in the penitentiary, after having pleaded guilty to bigamy, she cast an appealing glance at Judge Fawcett, who was presiding, and swooned. She was carried from the court to an ante-room, and an ambulance was called from the Brooklyn Hospital.

Dr. Fischer attended her, and after she had been restored to consciousness she became hysterical and had to be removed to the institution for treatment. When she recovered she was taken the penitentiary on Blackwell's Island.

This is the ending of one of the most remarkable marital tangles with which the courts of Brooklyn have had to deal.

Following her sentence, Robert Gray, the man to whom she was married without the formality of a divorce from her first husband, was called to the bar. He pleaded guilty to having married a woman he knew had a husband at the time, and was sentenced to one month in the penitentiary.

The sentencing of the pair probably will be followed by John D. Jeager obtaining a divorce and the marriage of the couple when they are released from prison.

The young woman, who is a trained nurse, and was Bertha Yates, was married to Jeager in 1905. Gray lived with her as a boarder. The couple quarreled and talked divorce for a year, and one day Jeager came home, according to Gray, and the woman, and said that he had obtained a divorce from New Jersey. Everybody was happy, according to Gray, and later he proposed to Mrs. Jeager and was accepted. Jeager, he declares, let him have the furniture at reduced prices and made him a house of a watch the night Gray led Mrs. Jeager to the altar. In fact, they assert, Jeager was really the best man at the wedding.

To Mrs. Jeager, Jeager showed his happiness by the way of giving her a silk dress. The wedding over, Jeager, it is asserted, became the boarder in the house with Mr. and Mrs. Gray.

A little later there was a quarrel. Jeager, it is said, then went to the

police court and said his wife had married another man. The couple were arrested at their home, 35 Orient avenue, in Ludlow street, jail Mrs. Jeager-Gray was stricken blind the shock of her arrest having been so great. She was released on bail, recovered her sight, and pleaded guilty to bigamy.

The couple insist the whole affair was revenge on the part of Jeager. In his own behalf Jeager has declared that he did none of the things with which he has been charged, but that his wife left him and was married to Gray.

Pending the trial of their case the Grays lived at 789 Gates avenue.

## RAILROAD OFFICIALS PLAN TO 'GIVE' L' HEROINE MEDAL FOR SAVING BOY FROM DEATH

CHICAGO, Feb. 28.—Miss Lawrence Elmendorf, 418 North State street, is going to be decorated in recognition of her bravery in rescuing a newboy from the path of the Northwestern elevated train at the Kinzie street station a week ago last Saturday. Miss Elmendorf says she does not want any fuss made about it, but it looks as though she could not escape.

Officials of the Northwestern Elevated Railway Company are interested in obtaining some fitting recognition of the girl's heroic act. They have taken steps to bring the incident to the attention of the trustees of the Carnegie medal fund and they are determined that a medal of some sort shall be struck off to commemorate this noble deed.

"I don't want a Carnegie medal," said Miss Elmendorf. "What I did was nothing. How could I have done anything? You wouldn't have had me stand still and see a little fellow run down by a train, would you?"

Miss Elmendorf's home is in New York City, but she is studying for a master's degree at the University of Chicago, having been graduated from Barnard college. She is a niece of the late Edward Howard Green, whose widow is Hetty Green. At age 17, Miss Elmendorf is bearing the expenses of the lady's support and education.

Her father was the Rev. John J. Elmendorf, who for a number of years was dean of Racine College, Wisconsin, and later a professor in the Chicago Theological seminary. Her mother was a member of the Lawrence family of Boston.

It appears that the rescue of the newboy was not the first heroic act that has distinguished the girl. Some years ago she saved Miss Bishop, the daughter of the mind reader of that name, from an almost certain death in an accident.

Miss Elmendorf is an athletic young woman with a taste for adventure. She plays both basketball and baseball and is a good rifle shot. Shooting rattlesnakes in the south was one of her pastimes on a recent outing. On another occasion she and two girl companions toured northern Wisconsin resorts as the "duchess of Essex and ladies in waiting." Once when marooned with a disabled launch in the Everglades of Florida, Miss Elmendorf supplied the party with food by shooting alligators and having their tails fried in engine oil.

The boy whom Miss Elmendorf rescued has been sent by her to New York, where he is now in an Episcopal private school for boys. John Sedgewick, a wealthy retired business man from Pasadena, Cal., a friend of Miss Elmendorf, is bearing the expenses of the lady's support and education.

## NO SOUL AFFINITY THEY SEEK DIVORCE

Missing soul affinity, it was revealed before Judge Barnes, threatens to bring to a sudden end the dream of happiness with which a Michigan physician and a Chicago teacher began married life together three years ago last June. There are other peculiar causes that have developed in the brief period that have led both Dr. Lewis F. Ladd and Mrs. Lena G. Ladd to try desperately to throw off the marital yoke.

Dr. Ladd lives at Martin, in Allegan county, in Michigan, and he made his attempt at separation in a court of that state and failed. His suit, in which he charged his wife with having refused steadfastly to make their married life enjoyable and satisfactory, was withdrawn and immediately

followed by the appeal of Mrs. Ladd to the Chicago courts. It was in 1906 that she filed her application for a divorce. It is held that since she and her husband separated after their return from a wedding tour in Europe, she now lives in Lake View and supports herself by teaching.

Mrs. Ladd wore a tasteful brown dress and a hat of a darker shade trimmed with stylish green feathers as she faced Judge Barnes' and told of her sad marriage and once said to her that he made \$2,500 a year. He also owns, she said, several thousand dollars' worth of property. She wants \$600 a year alimony. The case was not decided and Judge Barnes ordered the evidence written up.

## \$10—PRIZE—\$10 HOW FAR SHOULD A WOMAN GO TO PROTECT LOVED ONES

How far should a woman go to protect her loved ones? What is the limit of the sacrifices she should make, or is there a limit, even death?

For the best thought, contained in less than 200 words, in answer to these questions, THE TRIBUNE will pay \$10. This contest is open to all women readers of THE TRIBUNE and will close March 1.

To have contributions considered they must be written on one side of the paper, with name and address given.

Address all communications to the editor of the Woman's Page, THE "TRIBUNE," Oakland, Cal.

How far should a woman go to protect her loved ones? Herbert Spencer says: "Before we can act we must first live." Just as it is better to live for one's country than to die for it, so it is better for women to live rather than die for their loved ones. The strong woman, recognizing the possibilities, will by her strength of mind and character call them into living reality thus developing in dependent ones a self-reliance which is the greatest possible endowment.

Continued yielding to the wants or desires of others weakens and retards their development and in proportion to lack of development will be selfishness and dependence on others. The highest type woman will not lead herself to the perpetuation of such weaknesses.

The higher selfishness should be exercised, then sacrifice would be unnecessary. Duties well performed as they are by the strong soul never degenerate into sacrifice.

(MRS.) ALICE GURNEY, 1728 Shattuck avenue, Berkeley, Cal.

## We Won't Have Any More Girls Coming To This Town, Says Board of Trade

Bachelors in sections of the west where unmarried women are so scarce as to be a rare curiosity will do well to turn their attention toward Ware, Mass., where single women are so numerous that the Board of Trade has taken upon itself the task of thinning them out, either by marriage or deportation.

No female need knock at the gates of Ware, for beware! the Board of Trade members are there to invite her to move on.

## ECZEMA CURES FOR BABY

Shock of any kind, such as sudden noise or a bright flash of light, should always be kept from the baby. The first year of his life should be passed almost entirely in sleep, and an infant which shows real brightness during the first twelve months is not necessarily one to be proud of. There is danger that he will be nervous and physically exhausted in that time and be stupid and dull when older.

Eczeema, by no means uncommon in babies, does not always indicate a serious condition of the blood or skin. While it may be the result of internal trouble, a mother should be sure that external care is not causing the irritation. Little garments stiff with starch often make constant friction that might be doing harm. Frequently, however, it is more deep seated and requires the best of medical care.

"Weeping" eczeema is the kind most common among infants, and the term is given because the skin breaks, and there is a constant watery secretion. It is most often affected. The first two remedies for such a case are to prevent baby from scratching and further irritating the spot and to substitute lotions or oils for water. The latter must never be used when eczeema is present. Soap, too, is not to be put on, as it is both drying and irritating under the condition. Warm olive oil should be gently wiped over with the finger tips and the spots are then mopped with soft lint. Use no conditions should such places ever be rubbed.

Ware is a busy textile mill town of 9000 people. And by far the larger proportion of mill employees are young women. For twenty-five years the town has enjoyed a moderate amount of prosperity. But there are so few jobs of the kind that women can receive wages than men. In consequence, a town in which young women and girls largely predominate among the wage-earners cannot hope for the prosperity of a town of similar size where men are the chief breadwinners.

No wonder then that Ware wants to get rid of its girls!

The skilled workmen in Ware have been agitated in old blood by the Board of Trade. He earns as much on the average in a day as a girl earns in a week. No wonder then that Ware has no use for the girls. The man has more money to spend. He is a desirable citizen.

And so Ware has come to be known in the world outside of Massachusetts when the town boldly announces that it doesn't want a hat factory to locate there. And why? Simply because the concern proposes to make straw hats and women would be their employees.

There was a fire at North Dana, Mass., and a big plant, employing 400 girls, was homeless. It wanted to move to Ware. The town was asked what inducements it could offer should the whole concern move there bodily with its employees, practically all girls.

"We don't need industries here," declared a member of the Board of Trade, "if they are going to bring more young women and girls to Ware. What we want is more men. We want industries that will employ men and well-paid men."

at that. Perhaps some of them will marry our surplus of young girls. We want to be rational; we want men here, not girls who can't make as much in a week as a man makes in a day. The whole town trembled at the threat. The hue and cry against the influx of young women was taken up seriously by the town solons. The advantages of having the new factory were discussed pro and con. Resolutions were proposed in the Town Council, only to be beaten. Ware wanted no girls.

The result was that the hat factory didn't go to Ware. The town didn't offer it a single inducement.

So why shouldn't lonesome bachelors turn their attention toward Ware, where so many girls are not wanted? There simply aren't men enough in Ware to go round by a long way and the Ware Board of Trade will give every male visitor matrimonially inclined a royal welcome. And without doubt the pretty girls of Ware would welcome any extra, unattached man who might wander into their midst.

**"BE MY WIFE OR MY MURDERESS!"**  
NEW YORK, Feb. 28.—The bride he got by threatening suicide was taken away from nineteen-year-old Robert Canavello, Supreme Court Justice Morchauer, "White Plains" gave Mrs. Marjorie Canavello, eighteen years old, an interdictory divorce. Canavello, who is a law clerk, was chosen by William C. Jacobs, Major's father, to act the hero's role in near-Shakespearean tragedies that Jacobs wrote when he wasn't engineering his sugar brokerage business. The company rehearsed at White Plains, N. Y., 421 East Twenty-sixth street, Flatbush.

## Cried Desperate, Love-Lorn Youth

Canavello heard that the jester in the show was beating him in the race for the hand of Marjorie, so he coaxed her over to a Subway entrance January 10 last and, producing a vial of poison, cried: "Marry me or I swallow this deadly poison! Be my wife or my murderess!" Marjorie went with the desperate Canavello to a preacher and the knot was tied. Then she became sorry she was frightened and she was given a divorce. Marjorie's father brought suit for the annulment of the marriage.

## Your Stomach Is Your Friend

If you have a good stomach and wish to keep it, steer clear of lard-cooked food. Lard is made from hog fat, and is more apt to be impure than it is to be clean and healthful.

*Cottolene* is the most reliable frying and shortening medium. It is a pure, wholesome, digestible product, that is bound to be more satisfactory than lard wherever it is given a fair test.

Besides being more healthful, *Cottolene* is more economical than lard or cooking butter, one-third less being required. It will, moreover, make more nutritious food than either lard or butter.

With all these advantages on the side of *Cottolene*, what argument have you for not using it? Your own grocer, if he is progressive, has *Cottolene* for sale. Buy a pail to-day, use it according to directions, and we will warrant you will never go back to the lard habit.

## WELCOME WU TING FANG WITH A BRASS BAND

### Denies He Brings Anti-Japanese Protest

SAN FRANCISCO, Feb. 28.—Wu Ting Fang, for the second time appointed Chinese minister to this country, arrived today on the Pacific Mail liner *Siberia*, with a large retinue of secretaries and legation and consular attaches, numbering seventy persons.

He brought with him new consuls for Mexico, Havana, New York and San Francisco, besides three nephews and three secretaries and five other attaches for the Chinese legation at Washington, and twenty-four young students who will enter various schools and colleges in this country.

The *Siberia*, after two hours' quarantine inspection, was boarded in the bay by a reception committee, headed by Vice-Consul King and officers of the Chinese S. S. Companies, representing the local Chinese colony. Andrew Starnbor, of the manufacturers and producers' association; William Bunkers, of the Merchants' Association, and the local Federal port officials, who were taken to the steamer on the revenue cutter *Golden Gate*.

At the Pacific Mail dock, where the *Siberia* made fast shortly after 1 o'clock, a large number of Chinese from the local colony were on hand with a brass band to greet the minister and his party.

A cold, driving rain, however, interrupted some what with the reception plans. From 1 o'clock the minister and his party were taken to the Fairmont Hotel, where a large number of suites had been reserved.

Admitted Duty Free.

The Southern Pacific sent three baggage cars to the pier to take care of the party, none of which was examined. Collector Stratton, extending the usual courtesy to diplomatic officers from other countries.

### BRIDE WOULDN'T STAY HOME; DIVORCE RESULTS

Seventeen-Year-Old Girl Repents Elopement With Furniture Man.

Married in haste, D. Kitchen and his wife, Edna, were not slow in repenting, and the wedding life which began in December, 1906, is now ended. Judge Ellsworth has granted an interlocutory decree of divorce to Kitchen, who is a furniture manufacturer. Their parents objected to the marriage because of their youth. The groom was 20 and the bride 17. But they eloped and went to live in a small house in San Francisco. Kitchen said he was 21 and the bride 19 at the time, and thus evaded the law.

### FLEET RECEPTION COMMITTEE MEETS

The executive committee of the fleet's reception committee of this city met yesterday with a similar committee from the city of San Francisco and it was decided that the sailors would be asked to come to Oakland and parade three days after their arrival in San Francisco. The committee plan to have the sailors parade in San Francisco the day after the arrival and in Oakland the day after that. Those who went to San Francisco yesterday were Mayor Mott, Col. Theodore Glen, Warren English, C. J. Heesman and Edwin Stearns.

### Y. M. C. A. LEADER IS ARRANGING CONVENTION

Burton B. Wilcox, state secretary of the Y. M. C. A., arrived this morning from Los Angeles to make arrangements concerning the sending of a big delegation from Oakland to the twenty-seventh annual state convention of California Young Men's Christian Association, which will be held in Long Beach March 12-15.

### COMMITTEE OF SEVENTY TO HOLD MEETING

The committee of seventy citizens, appointed by Mayor Mott to assist in the sanitary campaign, will meet this evening at 8 o'clock in the rooms of the Chamber of Commerce. The committee consists of ten residents from each district.

## "I WON'T SIT IN COUNCIL WITH DRUNKARD"—EVERHART

### Goes Away Without Saying Who It Is

"No, I won't go back. I won't sit in the council with a drunkard," cried Councilman Harold P. Everhart last night, as he left his post as chairman of the street committee and stalked angrily out of the council chambers. As Councilman Everhart went to San Francisco early this morning, no definite statement regarding just whom he meant could be obtained from him.

After making his statement he left the city hall immediately without giving any further explanation to his fellow councilmen.

Just before this outburst Everhart had attempted in vain to persuade the street committee to recommend for adoption a resolution to make a sewer connection in North Oakland. The matter had not been regularly introduced in the council, but came up last night for the first time in committee last night, and Councilmen Meese and Burns objected to it on this reason, and because they knew nothing about it. The other members of the committee sustained them.

This was the signal for Everhart

to rise angrily from his chair. "Take my seat and act as chairman, Mr. Burns," he said as he walked towards the door.

"No; I don't want the job," replied Burns. As Everhart went through the anteroom, he met Councilman Mullins. "Come back, Harold. What's the matter?" said the latter.

Everhart answered that he would not act with a drunkard, and went his way.

Burns and Meese were angry when they were told what he had said.

"If he means me, I want to know it," said Burns.

Meese explained afterwards that he had opposed Everhart's measure for what seemed to him good reasons. "In the first place," he said, "it was a resolution to connect with an out-of-town sewer, which is a matter of importance enough to look into. I don't know anything about it, and I am not going to vote until I do. In the second place the proceeding is entirely irregular. The resolution should go to the council first in its regular way."

## FALSE MONK SLAYS 20 WOMEN; GETS 15 YEARS

### Buries Their Bodies in His Cellar

VERKHOTURYE, Perm, Russia, Feb. 28.—The circuit court of this town yesterday meted out partial justice to a false monk named Feedotoff, whose criminal and iniquitous life was revealed last fall by sentencing him to penal servitude for fifteen years.

Feedotoff came to Verkhoturys about two years ago and set up a shrine in a neighboring forest, where he lived as a hermit. He soon attained a great reputation for marvelous cures, and his little chapel in the solitude of the woods became the objective for pilgrimages from all parts of Perm. The monk enjoyed a great reputation for sanctity, but when the revelations came it was learned that his holy ways and words were nothing but a cloak for robbery, murder and debauchery of every kind. He repeated disappearance of female pilgrims who visited the monk's chapel finally attracted the attention of the authorities and investigation disclosed the bodies of no less than twenty victims whom Feedotoff had assaulted and murdered, and then buried in the cellar of his house. The charge of sacrilege, in that he had stolen the sacramental vestments from churches and monasteries, also was established against the hermit.

### WILL PROBABLY NOT DROP OFFICE AT ONCE

An amendment was made last night at the suggestion of Councilman Pendleton to the ordinance immediately abolishing the office of special assistant city attorney to prosecute the water rate case, whereby the office will not be abolished until June 1. Attorney Carl Abbott has filled this position since 1900.

The case is now on appeal from the decision of Judge Hart, fixing a valuation of \$7,000,000 for rate-fixing purposes on the plant of the Contra Costa Water Company. City Attorney McElroy said last night that a decision would be handed down in May. The delay had been occasioned by the voluminous nature of the transcript of testimony and the fact that the records of the company had been destroyed in San Francisco April 18, 1906.

Three Candidates for Mayor: Vallejo—Vallejo is in the midst of the most interesting municipal campaign in its history. There are three candidates for Mayor. The Municipal League nominated Guy S. Hale and is making a strong fight. Mayor J. J. Madigan was not re-elected and he is running independently. Hale is pledged to strict law enforcement and says if he is elected the sale of liquor in the notorious red light district will be stopped.

### SKATING AT IDORA.

The first of a series of three races for the amateur county championship will be run this evening. The race will be one measured mile between Byron Hamper and A. Rubart, both Oakland boys who have shown good work in the past. The best out of three races will decide the championship. The other races will be run Tuesday and Wednesday, March 3 and 4. An interesting event will be the one-mile race to be run tomorrow, between A. McNulty and W. E. Spolin. The race will be pulled off at 8:30.

Inspired Suit.

(Special to The Tribune.)  
SAN FRANCISCO, Feb. 23.—District Attorney Langdon fully backs up the statements made in court yesterday by Assistant District Attorney Cook regarding the fact that neither E. P. E. Troy or anyone else interested in the outcome of the Bulletin case had ever visited the District Attorney's office or consulted with it.

"The disclosure in this case from now on will have to speak for themselves, no matter whom they hurt or offend," said District Attorney Langdon.

Everything done by Assistant District Attorney Cook in court was done with my full knowledge and approval. I instructed him to take the action he did before Judge Dooling for two reasons. One of these was because I concluded that Troy had not disclosed to the District Attorney's office that he had brought the suit at the instigation of another man, and the other reason was that I believed the court should be put in possession of all the facts known to us in order that its own action might be kept clean.

### Not in Fight, He Says.

"Neither I nor anyone else interested in the outcome of the suit ever made known to the District Attorney's office that Attorney Murphy had induced him to bring it, and there was only one thing for us to do, if we were to win the case, was to bring it before Judge Dooling."

"The District Attorney's office of San Francisco is not fighting the battles of the Bay Cities or the Hetch Hetchy water project, and Troy's admission that the proceedings were brought to test the merits of these rival enterprises rather than to decide the guilt or innocence of the defendants made our action in the matter the only logical one under the circumstances."

"How will the new developments in the case affect our attitude, respecting it," said the District Attorney. "I will answer that by saying we will continue to prosecute this suit vigorously. We want the exact truth to come out, and all the resources of the District Attorney's office will be employed to see that this is done."

### Murphy Is Phelan's Man.

Supervisor Daniel C. Murphy, who, being a relative of James D. Phelan, is his personal attorney, and like his political adviser, and also known in the Board of Supervisors as Phelan's man, has this to say of the case:

"The facts of this matter are these. Mr. Troy came to me after the filing of the Bakerfield complaint, and expressed regret that the case was not brought in San Francisco as it was the hearing and the testimony given would tend to enlighten the people of this city in regard to the water question—one in which Mr. Troy declared himself to be greatly interested."

"He went on to say that he would be willing to swear to a complaint against Crothers and Oler himself on the premises if by so doing he could bring about a San Francisco trial, and asked that I would prepare the papers, and asked that I would do so, as I would have done any other proper business for a client. That ended my connection with the matter, and I have had nothing to do with it in any way since."

## WILL PROBABLY RENEW SCHEDULE

Local Carmen and Traction Company to Make Another Agreement as to Wages.

The wage schedule which has been made between the Oakland Traction Company and the conductors and motormen in its employ during the last year, expired yesterday.

Under the old contract, the men received from 30 to 50 cents an hour for the first ten years of service, wages being graduated at the rate of a cent a year increase.

Whether the new contract will be signed by representatives of the company and the Carmen's Union, is not known, as neither side will discuss the matter at present, it being understood that negotiations are now pending.

Business Manager T. W. Smart is handling the interests of the men. Manager W. F. Kelly of the Oakland Traction Co. said this morning: "We do not anticipate any difficulty with our employees. Presumably, we shall continue under the terms of the contract which expired yesterday. Everything is running smoothly."

### "THE COW-PUNCHER"

IS AT THE MACDONOUGH

"The Cow-Puncher," a play of the Golden West, by Nat Reid, opened a two night's engagement at the Macdonough theater last evening. The author has taken a romance between a young Eastern girl and a cow-puncher on her ranch, for his story. The plot is deep and well founded. His characters are clean cut and will develop and die a natural death. The play is never for a moment forgotten.

Mr. Preston as the cow-puncher gave a good performance. His love scenes are droll and unique. The dramatic ending of each act seems to come without effort.

A feature of the performance was the champion trick lariat, being by James Smith. Smith will give a free exhibition in front of the theater this evening at 7:30.

"The Cow-Puncher" will be presented for the last time tonight.

Continuing until Sunday night, Elmer Walters will present the popular melodrama, "The Thoroughbred Champ," to be followed by Grace George in Sardou's masterpiece, "Divorces," for one week.

# Blossoming of Spring Styles at Hale's

THE whole store is filled with every kind of spring attire, fabrics and novelties. Every day we receive new merchandise, which embodies the latest spring styles and effects. We are prepared to offer you everything new, dainty and fresh that spring fashion now brings forth.

¶ The flower section on the third floor offers most interesting advantages in the purchasing of untrimmed shapes and pretty spring flowers. These new blooms range in price from 10c to \$1.95 a bunch. The untrimmed shapes, such as leghorns, chips, Neapolitans and stiff horse-hair braids are very attractive. ¶ Our new summer silks are indeed beautiful—so many kinds, colors and weaves. There are rough silks, printed silks, colored taffetas and Japanese silks, all new and specially fashionable for this spring and coming summer. ¶ We are opening, in our millinery section, case after case just received from New York: every kind of new spring hats to select from, ranging in price from \$2.75 to \$25.00—no two alike. Many are hats made in New York, copied from the latest Parisian models. ¶ Our new spring suits are attracting much attention too. An inspection of them is well worth your time, and their low prices will surely call forth exclamations of surprise that such pretty suits can be sold for so little money. ¶ Embroideries and laces are being sold unusually low, while their quality and beauty of design has never been surpassed. ¶ These are a few of the attractions that await you at Hale's Oakland Store. There are many others, too numerous to mention. An early visit while the assortment is unbroken will repay you.

## MAY DUMP GARBAGE OF OAKLAND INTO THE OCEAN

**Council Committee Favors Plan—Also Recommends Calling of Bond Election.**

Oakland's garbage will probably be taken to sea in barges and dumped, until a suitable incinerating plant has been built. This plan was recommended last night by Councilman Ellsworth, who asked the members of the City Council to hold a special session Wednesday night to consider the matter.

Dr. J. D. Long will be present at the meeting to recommend the abolishing of the garbage dumps in West Oakland, which, he says, are infested with rats. The Board of Health will also attend, as will members of the West Oakland Improvement Club. They will urge that no more garbage be dumped inside of the city limits, and that lime be poured on the dumps to keep the rats away. The scavengers of Oakland have already agreed to dump into barges.

**Suffragists Routed From Wall Street**

NEW YORK, Feb. 28.—Advocates of woman's suffrage invaded Wall Street yesterday, but their visit was brief. A carriage in which were Mrs. Borman Wells, the English suffragette, Miss Ethel Murphy and other members of the suffrage party, drove up in front of the Broad Exchange and the women attempted to make speeches. Instantly the carriage was surrounded by a mob of yelling messenger boys, while from windows in the neighborhood rolls of ticker tape and other articles, including wet sponges, were thrown at the orators. Speechmaking was impossible.

## EXPLODING WAX BURNS WOMAN TO DEATH

**Heats Mixture Containing Benzine on Stove and Is Cooked From Head to Feet.**

Her entire body burned to a crisp as the result of an explosion of a can of furniture wax, Mrs. Oscar Miehl, of 825 Market street, died this morning in great agony at the receiving hospital, a few hours after the accident.

At her side when she died was her husband, to whom she had been married for twenty-five years. Miehl was also badly burned and was almost out of his mind when his wife passed away.

"We had never had a cross word in twenty-five years," cried the grief-stricken man when he realized that his wife was dead.

The accident happened in the Miehl home about 8 o'clock. Miehl has a furniture store on Seventh street, and heating the wax on the stove when it burst into flame. His wife was standing at his side, and her clothes immediately caught fire. The flames burst into Miehl's face, blinding him for the time, so that he was unable to do anything to help his wife. She fell unconscious on the floor, which also caught fire.

**Burned to Her Feet.**

Neighbors saw the blaze and burst into the house. An alarm was turned in and Mrs. Miehl was rushed to the receiving hospital. Dr. Irwin attended her there, but it was evident from the beginning that there was no hope to save her life. With the exception of her feet, scarcely a spot on her body was not burned. She died at 4:30 o'clock.

Miehl was also taken to the hospital.

pital. His face and hands were badly burned, and he is in danger of becoming blind. He was taken home, dazed and heartbroken by his wife's terrible death.

Mrs. Miehl was fifty-one years of age. She had no children. Her body was removed to the morgue this morning.

The fire that broke out in the house was quickly extinguished by the fire department. Little damage resulting. The wax is believed to have contained benzine, which exploded when heated.

## KNOWLAND THINKS PENSION BILL WILL PASS

Measure Provides \$12 Monthly to Widows and Children of Soldiers and Sailors.

WASHINGTON, Feb. 23.—Representative Joseph R. Knowland of the Third Congressional District of California, is confident that the bill relative to increase of pensions for soldiers and sailors, having passed the House will pass the Senate and be approved by President Roosevelt. Those who will benefit are the survivors of those who fought in the Civil War, the war with Mexico and various Indian wars.

The bill provides that if any officer or enlisted man who served ninety days or more in the army or navy during the late Civil War and who has been honorably discharged therefrom has died or shall hereafter die, leaving a widow, such widow shall, upon due proof of her husband's death, without proving his death to be the result of his army or navy service, be placed on the pension roll from the date of the application therefor under this Act at the rate of twelve dollars per month during her widowhood, provided that said widow shall have married said soldier or sailor prior to June 23, 1890; and the benefits of this section shall include those widows whose husbands are given a pensionable status under the act of February 11, 1892, and the joint resolutions of July 1, 1902, and June 28, 1906.

That no claim agent or attorney shall be recognized in the adjudication of claims under the first section of this act, and that no agent, attorney, or other person engaged in preparing, presenting, or prosecuting any claim under the provisions of this act shall, directly or indirectly, contract for demand, receive, or retain for such services in preparing, presenting, or prosecuting such claim a sum greater than ten dollars, which sum shall be payable only upon the order of the Commissioner of Pensions by the pension agent making payment of the pension allowed; and any person who shall violate any of the provisions of this section or who shall wrongfully withhold from the pensioner or claimant the pension or part of a pension or claim allowed or due such pensioner or claimant under this act shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not exceeding five hundred dollars or be imprisoned at hard labor not exceeding two years, or both, in the discretion of the court.

## FRATERNAL NOTES

Good Will Rebekah — Good Will Rebekah Lodge No. 189, I. O. O. F., held one of their busy sessions at their hall at Melrose Tuesday evening. The members were honored by a visit from the Grand Master, Judge F. B. Ogden and a large delegation of visitors from all the lodges in the district, and from San Francisco, as well as Sister Smith from Michigan. One member was admitted by card and three by initiation. Last week three were admitted by card and a number of applications are still waiting on the table, to be taken in shortly. The hall and banquet room were beautifully decorated with flags and evergreen blossoms, and the top rendered the ritual and floor work without a flaw. The evening closed with a banquet, all marching to the feast led by Grand Master Ogden, and the Noble Grand, Sister Bennett, who were the guests of honor. The guests were taken care of and with song and speech the hour of parting came all too soon. Remember, the love gives a dance next Wednesday, March 4. All come.

Concordia Rebekah — A leap year dance will be given by Concordia Rebekah Lodge No. 152, at Gler's hall, Fourteenth street, between Washington and Clay, Saturday evening, February 29. There will be a jolly good time for all who attend.

Pacific Lodge No. 1. — Pacific Lodge No. 1 met last evening in Woodmen's hall, 521 Twelfth street. Professor Lawrence of the University of California, entertained the members with a short lecture on "Paris, Ancient and Modern," a subject with which the Professor is very conversant. As usual, entertainment committee served refreshments.

On next Thursday evening Past Master Dr. F. W. Hulme will give a lecture on "The Bubonic Plague," its origin and its spread. This subject is of much interest in the public mind just now, any information bearing on it will be of interest.

Thursday evening of last week Recorder Gilmore read abstracts from the printed proceedings of the third session of the grand lodge which was held in Sacramento twenty-eight years ago at which time W. A. Jordan of Pacific lodge was grand master and the reading of his report was of much interest, as many of the predictions made by him at that time have since been realized, among them the necessity of a reserve fund.

The next session of the grand lodge will be held in San Francisco next August when in all probability Captain W. J. Peterson of this city will become the grand master.

Sunset Rebekah — Sunset Rebekah Lodge will give a prize whist party this evening at Fraternity hall, corner Seventh and Beach streets. Many valuable prizes will be given away to the lucky ones. Everybody welcome.

## FRANKLIN STREET REPAVING HEARING

Property-owners Invited to Express Views on Proposed Improvement.

The matter of repaving Franklin street, from Seventh to Fourteenth street, will be considered this afternoon at 3:30 o'clock by the Board of Public Works, in the office of Mayor Frank K. Brown, at invitations have been sent to all owners of Franklin-street property within the prescribed limits to be present.

This subject was to have been discussed yesterday afternoon, but owing to the absence of the Mayor, who found it necessary to attend a meeting in San Francisco, the matter was postponed. According to W. B. Fawcett, secretary of the Board of Public Works, a majority of the owners of Franklin-street property have signified their desire that the thoroughfare be repaved, but the board wishes to hear the opinion of the other owners, and has called today's meeting for the purpose of giving the latter an opportunity to discuss the proposition. It is claimed that the repaving of Franklin street will raise property values and open it to far heavier traffic besides making it more attractive for business interests.

## W. C. T. U. THANKS THOSE WHO HELPED

The following resolutions were adopted by the Oakland Women's Christian Temperance Union before its adjournment:

Resolution of thanks to Mrs. Ella S. Mitchell for her thorough preparation for the institute.

Resolution of thanks to the Ladies' Aid Society of the First M. E. Church for their kindly hospitality in serving luncheon.

Resolution, thanking the trustees of the church in giving the use of the lecture room for the purposes of the institute.

Also resolved, that we rejoice in the recent temperance victories gained in the legislature of Mississippi, and look forward to the time when California shall also declare for the overthrow of the liquor traffic.

How to Enter the Hunt

Rules of the Hunt

1.—The Proverb Hunt is open to all, but contestants must indicate the proverb each picture represents on the blank provided therefor—and all may compete without charge or consideration of the proverbs as selected by the Proverb Editor; spelling, punctuation and the correct construction are the essentials that will be graded. Reasonable neatness will be taken into consideration. The awards of the judges will be final in all cases.

2.—The first prize will go to the person answering all, or nearest all, of the fifty proverbs correctly. The person answering the second largest number correctly, or nearest so, will receive second prize, etc., in event of tie the prizes will be divided.

3.—In the event of a tie for any prize the value of such will be equally divided, or a prize of similar character and value awarded each trying contestant.

4.—THE TRIBUNE reserves the right to make any changes or additions to these conditions that it may deem desirable in the interest of contestants. The good faith and honor of the contest are pledged to insure a "square deal" for all.

5.—List of answers is deposited with Security Bank and Trust Co., 11th and Broadway.

6.—Employees of THE TRIBUNE and members of its families are positively barred from competing for rewards in this contest.

7.—In making the awards, the judges' names will be announced in due course—will take into account the similarity of the answers to the exact wording of the proverbs as selected by the Proverb Editor; spelling, punctuation and the correct construction are the essentials that will be graded. Reasonable neatness will be taken into consideration. The awards of the judges will be final in all cases.

# ATTELL AND KELLY WILL BATTLE TONIGHT

## FRANK MANTELL OUTPOINTS KID FARMER AT MARYSVILLE

### FEATHERWEIGHTS TO MEET FOR THE TITLE OF CHAMP

**Kelly Is a Strong, Aggressive Boy, and Hopes to Land Haymaker--Mantell Wins Fight.**

By EDDIE SMITH.

Tonight at the Dreamland Rink Abe Attell, the champion featherweight of America, and Eddie Kelly, champion of no place, but willing and anxious to be burdened with the title that has rested on the shoulders of the Hebrew fighter for so long, will hook up for a twenty-round contest.

There is little that can be said in regard to the contest, except that Kelly has shown an honesty of confidence in himself regarding his fighting ability. Billy Nolan, who for so long guided the affairs of Battling Nelson, and who, even by his enemies, has never been accused of being a fool, has taken Kelly in hand and, aside from the fact that he is betting his money that Kelly will win, he is also showing that he is strongly impressed with the idea that the Buffalo boy can fight.

If Nolan had an idea that Kelly did not have a good chance with Attell, he would match him with a few of the less prominent featherweights, with an idea of working him up to a match with the champion.

Kelly has shown in his previous battles that he has little fear of the other fellow's punches, and it is on his game showings in other contests that Nolan is taking the chance. Attell, as would be expected, is very confident that he will beat Kelly, but it is a noticeable thing that he went to a training camp to train for this contest, while for the Neil boy he just kind of trained in San Francisco. Jack Benson has arranged two slashing preliminaries for the ring warmers, and if Kelly lives up to half what has been said for him the night's sport should be good.

#### Mantell-Farmer Contest.

Beyond the fact that Frank Mantell was all the class in the contest at Marysville last night, and that Kid Farmer was game to the core and tried hard in the face of inevitable defeat to turn the tide of battle, there is little that can be said of the contest.

To a man interested in the sport the contest was an interesting one, in that it was a battle between an honest, hard-fighting slugger and a careful, clever boxer. This sort of milling always proves entertaining and, although the battle did not develop any thrilling excitement, to speak of, the spectators seemed to appreciate the fact that both were trying their best.

Mantell on coming to the coast brought with him the reputation of being a very classy boxer, and his work of last night would seem to bear out the claim that he is a coming fighter. He felt a little short of expectation regarding his punching powers, but for clean-cut boxing he is among the front row boxers. He keeps cool under all sorts of fire, and

with a clever opponent he would put up a great contest.

Farmer at all times showed a desire to rough matters, (it evidently being pointed out to him early in the game that this was his only chance to win. From this very first round, however, Mantell seemed to have him bewildered, and he could not get started; his feet seemed glued to the floor and his punches lacked direction.

When Farmer covered up in such a manner that it was practically impossible to hit him again, and Mantell is not a one-punch fighter, there was little chance for a knockout. Had Farmer fought Mantell back when he was hurt, then that fighter might have scored a knockout, but with Farmer's vital parts covered up as a turtle covers its head with a shell, there was no chance to land the finishing wallop.

It is not often that the boxing fans are treated to such a show as the one last night. All three contests being of the sort that please the patrons of the game.

**EDDIE KELLY, THE HARD-HITTING BUFFALO BOY, WHO WILL ATTEMPT TO WREST THE CHAMPIONSHIP FROM ABE ATTELL AT DREAMLAND RINK IN SAN FRANCISCO TONIGHT.**

### Solari's Team Wins From the Phoenix

The Gantner-Mattern "Knitters" turned the tables on the invincible St. Mary's Phoenix Sunday on the college campus by a score of 3 to 1. The game was regulated with fast work, on both sides that would do credit to any major league team. Nobody can explain how a team of the caliber of the Phoenix, every one of whom is a fast man, could make eleven errors in one game, but this happened on Sunday last. Many of the fans retreating from the game were heard to whisper, "The Phoenix are not as fast as last year." Sunday was no test of comparison, for the simple reason that two of the very best of last year's veterans had seen errors between them, Izzy Freeman and Duggan. They are just as good as last year. No, the day was an off one and it is liable to happen to any team at any time, but the writer believes that if St. Mary's falls short of last year's form, it is in the hitting. Five or six left-handed hitters are too many for an amateur team to present to a left-handed pitcher and this is St. Mary's predicament at the present time. All rumors to the contrary notwithstanding.

NEW YORK, Feb. 28.—Harry Robinson, manager for Harry Lewis, the great welterweight boxer, declared last night that he had received an offer from Jimmy Coffroth for a fight between his man and Young Ketchel. Coffroth's offer was for a battle between the men at 148 pounds, the weight to be

### FIGHTS AT WEST OAKLAND CLUB PROVE ENTERTAINING

**Boys With the Padded Mitts Put Up a Great Show Before Simpson's New Club.**

BY T. P. MAGILLIGAN.

Tommy Simpson, matchmaker of the West Oakland Club came through with his promise to give the fans a tobacco show last night. He made good. Meas-yow but it was a merry time when the gloves began to fly.

Powell and Harrison in the main event fought the prettiest six round contest seen in Oakland in recent years. Powell won a mile and a quarter. The San Francisco boy showed superb science, and had Harrison in a bad way. Powell used that workmanlike left of his to excellent advantage. He tantalized Harrison into perplexity with his left and brought his dexter mitt over the opportune times.

Harrison resorted to holding a great deal, and showed just a flash of class at the infighting, but Powell had him cleaned in every other department of the game. Powell's victory was well received by the spectators. Willie Ritchie showed the nearest left hand put on exhibit in Oakland in a long time. He was to have met Harry Dell, but the latter declined the issue and Alex McDonald was substituted. Ritchie shot his left into McDonald's body repeatedly and won easily. Little Ritchie has class written all over him and when he gains a

little more experience he will make a name for himself in the boxing game. He is a dead ringer for Jimmy Britt and fights just like the Native of San Francisco.

Charlie Riley and Young Dempsey put up a whiffling six round mill. To the writer it looked as though Riley was entitled to a decision, but the bout was declared a draw. Although outwitted, Riley carried the fight to Dempsey in every round. Young Turner, the Alameda pork chop carried the battle to Kid Alameda and in the second round the Dusky boy brought a punch somewhere from the jungles that landed on Kid Alameda's ear and the latter sought the soft spot on the resined floor where he lay until he was counted out.

Joe Baker made a great uphill fight against Billy O'Brien and forced the latter to quit. O'Brien clearly does not know the position he had pulled him up from the floor every time he slipped. Finally Simpson got tired and gave the fight to Baker. Johnny Stanton beat Kid Franks in the four-round curtain raiser. Franks was a bit of a cur and was easily the best ever offered an Oakland audience.

### PHOENIX BALL CLUB WILL PLAY VARSITY TEAM HERE

The Phoenix team of St. Mary's will oppose the University of California in the third game of the series at Freeman's park Saturday at 2:30 p. m. A large delegation of college boys will be on hand to root their respective teams to victory.

St. Mary's fast rounding into shape, and notwithstanding their off day on Sunday last will give a good account of themselves. They expect to capture the 1908 inter-collegiate championship of the west. Nobody can explain how a team of the caliber of the Phoenix, every one of whom is a fast man, could make eleven errors in one game, but this happened on Sunday last. Many of the fans retreating from the game were heard to whisper, "The Phoenix are not as fast as last year." Sunday was no test of comparison, for the simple reason that two of the very best of last year's veterans had seen errors between them, Izzy Freeman and Duggan. They are just as good as last year. No, the day was an off one and it is liable to happen to any team at any time, but the writer believes that if St. Mary's falls short of last year's form, it is in the hitting. Five or six left-handed hitters are too many for an amateur team to present to a left-handed pitcher and this is St. Mary's predicament at the present time. All rumors to the contrary notwithstanding.

standing, Krause has not left for the East. He is still at St. Mary's and will not go East, if he goes at all, until the close of the present school session. The fact that Harry was at home sick led to the wild rumor.

St. Mary's will present its final permanent line up against U. C. on Saturday with the exception that Harry will play. Tom Feeney has been selected to fill the single infield weakness of the Phoenix and will hereafter appear on first. Billy Wallace, a youngster, has been tried out at second, and Chase declares that he has solved the difficulty. Dunn, Burke and Detering have all appeared at first, but none satisfied the exacting Hal, who sees mighty possibilities in first base work. On next Sunday Hal Chase will bring the Phoenix to San Jose to oppose the State League team of that town. The Honolulu Stars disappointed the Phoenix and so Chase arranged for his prospect to take a rest. The Guard team will play at St. Mary's on Sunday.

### BILLY NOLAN THINKS HIS FIGHTING BOY WILL SHOW UP VERY STRONG

"I am very sweet on the little fellow's chances. I have tried Kelly and found him to be a little demon, and one thing above all, you can depend on, if beaten, he will prove the greatest little pugilist that you ever saw in your life. I am betting my money on him and that is about all I can say."

### Fighter Dies as Result of Battle

NEW YORK, Feb. 28.—Another victim was added to the grim record of pugilism here yesterday morning when Emmett Brown, time, died at the Presbyterian hospital from injuries alleged to have been received the previous night. The base of his skull was fractured and he died without regaining consciousness.

### Sieger Fights McGarry Draw

NEW YORK, Feb. 28.—Amby McGarry of New York and Joe Sieger of Denver fought a six-round draw in the main event at the Harlem Club here last night.

### Elwert Signs With Cordovas

SACRAMENTO, Feb. 28.—William Elwert, last year's third baseman for the Pueblo team of the Western League, has signed a contract to play third base for the Cordovas this season.

### RUBRIC BREAKS RECORD IN ALTAMONT HANDICAP

**Rowell's Chestnut Horse by Mirthful in a Fierce Drive Hangs Up a New Coast Record for Mile and One-Sixteenth.**

BY LEE DEMIER.

H. E. Rowell's good performer Rubric carried off the honors of today's racing program at Williams Park, by establishing a new track record for a mile and one-sixteenth, when in a fierce drive he grabbed the Altamont Handicap, the feature of the card, from Stanley Fay, the odds on choice. Rowell's trick was admirably timed, which won for him as Fay was much the better horse, and with riders reversed could not have lost. Walker, colt put up a game fight with that, and was beaten by the weak ride. St. Edmund set a heart-rending pace and only tried in the final strides. Treasure Seeker was never in the hunt.

Haber came out fresh and fit after a nice rest, and under clever handling proved in danger of losing the cup which he raised. In a terrific drive of three, Woolen and Cascades of Diamonds outgained the fast-tiring Reed for place and show respectively.

Bill Eaton beat the gate and made a runaway race of the two-year-old affair. Novgorod ran his usual consistent race, and was disposed of by Tom Hayward for second place.

Hulford at 15 to 1 outfooted his field in the third and passed under the wire a length in advance of Combury, which had a world of speed, and only faltered in the final strides. Renee W. met with interference throughout the race and got up in time to peep.

Brookfield nicely rated made good for the talent in the fifth. Steel Ball finished with a determined rush and outgamed Catherine F. for second money.

Shilling got Preen away from the barrier on his toes in the final race and made a runaway race of it. Fireball and Silver Sticking, coupled as the Bedwell entry, faded choices in the betting and finished second and third respectively.

The only feature of a well-filled card today is the mile and seventy yards affair, which is made up of some of the best horses in training at Williams Park. I have it from good authority that the racing at Arcadia will continue until the latter part of April.

Bookmaker Jack Atkins was a visitor at the track yesterday. Atkins came up from Arcadia to arrange some business matters with Barney Schrier, with whom he is interested in the booking line. Atkins said the game at the southern track was never better and that there were twenty-six pencilers in line at the latter part of April.

The poor bookies kept it all on the deficit at Stanley Park, as Rubric was not played to an alarming extent.

Preen, another visitor from Arcadia, was dropped into a very spot in the closing race and just walked home.

Hookmaker Sam Friedlander said yesterday that Stanley had a hot sing I have dropped in from Arcadia.

John Taylor (Black John) will continue his time with the Butte meeting this summer.

C. D. Blodins & Co., known as the Spokane Stables bought Renee W. before the race yesterday for \$100 and the first purse.

Emil Herz wagered a commission of \$300 on Preen for Sam Hildner.

Jack Atkins arrived in time to win a good bet on Preen.

Jonkey Schilling, who was engaged to ride Warden Yell, had to cancel his engagement, on account of bruising his leg and Gargan who was originally hired to ride, made the weight. Frank Doss had a nice bet on Haber.

So did Owner, Ed Trotter.

Bookmaker Benny Falk took no liberties with Haber, the winner of the day's opener.

The jungle element went to Redwood II to take the curtain raiser. They kept their tickets.

Jack Crane string with Buchanan in the first race. The said holding could never get to the front.

Reports from New York says that there are 100 pool rooms doing business.

G. E. Dudley, the Virginia turfman, is watching the racing at New Orleans while waiting for the opening of the racing season at Washington. Carter Hall will train his horses this season and Jonkey Schrier will do the jockeying.

Trainer Doc Riddle is on the sick list at New Orleans.

Jockey Dave Nicol is confined to his bed at New Orleans with a severe cold.

The thirty-eight books got the best of the argument yesterday.

San Gil could not raise a gallop. Barney Schrier handed Jonkey Schilling \$100 for winning on Bill Eaton and Preen.

### Lady Experts To Play Tennis

SAN FRANCISCO, Feb. 28.—The Ladies' Tennis Club announces a handicap singles tournament at Golden Gate Park for the Radtke cup tomorrow. Play is to be called at 10:30 a. m. Miss Mearns is the cup holder. The drawing resulted as follows: Miss G. Postel (15) vs. Miss Edna Vossen (15 3-6); Miss A. Greenberg (scratch) a bye; Miss Ida Mearns (owe 15) vs. Miss M. Spenkman (15 3-6); Mrs. Niemeyer (owe 3-6) vs. Mrs. Herrington (15); Miss L. Postel (15 3-6) vs. Miss Anita Myers (3-6); Miss A. Vossen (owe 3-6) vs. Mrs. Leach (3-6) vs. Mrs. Fletcher (15); Miss Hoyt Frunfield (30) a bye.

Neighborhood Favorite.  
Mrs. E. D. Charles, of Harbor, Maine, speaking of Electric Bitters, says: "It is a neighborhood favorite here with us. It cures all sorts of ailments, a general debility. Its action on the blood as a thorough purifier makes it especially useful as a spring medicine. (The alternative route is sold under guarantee at Osgood Bros. drug store, 50c.)"

### VARSIY NINE WINS GAME FROM SANTA CLARA NINE

BERKELEY, Feb. 28.—California's varsity team triumphed at baseball again yesterday when they took the Santa Clara College nine into camp by a score of 9 to 5. The varsity team were full of "pep" and began to pile up runs right from the start. With the bases filled Al Meyers connected with an easy one from Kilburn's delivery and cleared the sacks with a three base rap. Before the inning was completed another run was scored making the tally 4 to 0. After that the runs were scored with nice regularity in the various innings.

The star play of the game was made by Smith, who held down the third sack for the varsity. Only one out had been made at the time and there were men at second and third when what looked like a base hit was lined into left field. By a daring run and clever catching Smith left his

base, got the ball and made a double play, closing the inning before any one knew that the trick had been turned. On the whole, the fielding done by the California players was good ballplaying, although a little raggedness was observable in the outfield of the Santa Clara bunch. California ran up a list of fourteen hits during the game.

The line-up was as follows:  
California: Jordan, pitcher; C. E. Meyers, catcher; R. E. Meyers, first base; Butler, second base; Smith, third base; Earnest, shortstop; A. Meyers, left field; Solinsky, center field; Giladich, right field.  
Santa Clara: M. Shafer, pitcher; Kilburn, catcher; Peters, first base; Watson, second base; Foster, third base; A. Shafer, shortstop; Lapping, left field; Salesberg, center field; Brodbeck, right field.  
Captain Duggan of the St. Mary's team, umpire.

### EDDIE KELLY PROMISES FANS A GOOD RUN FOR THEIR MONEY

"I have been trying for the past two years to get on a match with Abe Attell, and at last my ambition will tonight be realized. Although this is the most important battle of my career, I do not entertain much fear as to the result, for I have seen Attell in action and will be prepared to give him any kind of a battle he is looking for. If Abe is as anxious as myself we won't be long in finishing our job. Although I am a stranger here I can assure the fight fans that they will get a run for their money even if I'm beaten."

EDDIE KELLY.

### OAKLAND WHEELMEN WIN THE HONORS IN GRIND

SAN FRANCISCO, Feb. 28.—The Oakland Wheelmen showed fine form when they captured the last roller race cup from the Garden City Wheelmen. The race held under the auspices of the New Century Wheelmen was a four-mile event, each rider going two miles. H. Waltz from San Jose made the record time of the evening, 2:39 4-5. The results:  
Oakland City Wheelmen—E. McTigue, 2:39 1-5; E. Carroll, 2:41. Team time, 5:01 1-5.  
Garden City Wheelmen—H. Waltz, 2:39 4-5.

### NOTED HORSEMEN MEET AND DISCUSS BIG REFORMS

NEW YORK, Feb. 28.—Meetings of various interests having to do with horse racing were held yesterday in the rooms of the Jockey Club and the National Steeplechase and Hunt Association. While no information regarding the action taken at the meetings was given out, it is said that the Jockey Club and the National Steeplechase and Hunt Association are in an attempt to formulate some plan whereby the betting at race tracks might be so conducted as to do away with the objections which have caused the introduction in the Legislature of bills which absolutely prohibit betting at race tracks.

Many prominent horsemen were present at the meetings, including James R. Keene, J. H. Bradford, Cornelius Fellows, William Engeman, P. J. Dwyer, C. J. Fitzgerald, Schuyler Parsons, August Belmont, Andrew Miller, F. K. Sturges and the attorney for the Jockey Club, Jacob Auerbach.

**Berkeley Team Is After Games**  
The Golden Sheaf baseball nine of Berkeley is in the field and would like to hear from amateur teams. The new aggregation would prefer games with out-of-town lines. The team has open dates Saturday and Sunday and would like to hear from any of the teams in the state that wishes to test their metal.

The line-up: Fisher, Donno, pitcher; Hunt, Giladich, catcher; McFarland, first base; Van, second base; Elwert, third base.

**Ketchel and Neill Matched by McGrath**  
BAKERFIELD, Feb. 28.—Acting for the Empire Athletic Club, Tim McGrath of San Francisco yesterday signed Stanley Ketchel, the Grand Rapids whitewind, and Al Neill to fight twenty rounds city on St. Patrick's Day. The men are to meet at catch weights.

Line-up: Whitman, shortstop; Peterson, center field; Martinez, left field; Olson, right field.

**John L. Breaks the One-Man Show Record**  
NEW YORK, Feb. 28.—Frank Hall, who manages John L. Sullivan, claims that the big fellow has broken all one-man records in the theatrical line.

**Harry Lewis Would Meet Stanley Ketchel at 148, Ringside Weight**  
NEW YORK, Feb. 28.—Harry Robinson, manager for Harry Lewis, the great welterweight boxer, declared last night that he had received an offer from Jimmy Coffroth for a fight between his man and Young Ketchel. Coffroth's offer was for a battle between the men at 148 pounds, the weight to be

### Woman Who Masked as Man Left \$7000

CHICAGO, Feb. 28.—Proof of heirship in the \$7000 estate of Nicholas De Raylan, who masqueraded for years as a man and whose sex was discovered only after her death in Arizona, was made in the probate court yesterday. Baron Schlippenbach, whose secretary "De Raylan" was, showed that Seraphina Terletsky, the mother, who resided in Russia, is the next of kin and only heir at law. "De Raylan," or Anna Terletsky, as she was known, was the daughter of Constantin Terletsky. On the death of her father she assumed the name of Nikolai Konstantinovich, but later discarded that for Nicholas De Raylan. She was "married" twice, but her "widow" has no share in the estate.

## ONE IN BERKELEY AND ONE IN OAKLAND TO GO

## Van Ness Avenue and Fillmore Street Stores in San Francisco Also To Be Closed Out

While we have stated in former announcements the conditions which have forced us to this remarkable action, we feel we cannot make the situation too clear to intending piano buyers. The facts are these:

In the very midst of the most unexampled abundance of prosperity the financial situation, brought about through no fault of our Pacific Coast bankers, makes it impossible for a firm conducting a business of the magnitude of ours to continue without adequate assistance from the banks.

It will be seen that where we sell annually over three million dollars' worth of musical instruments, of which only fifteen per cent is sold for spot cash, that even with the capital that now exceeds \$1,200,000 it is impossible for us to handle this business without access to substantial banking facilities East or on the Coast.

These facilities at the present time are not available and there remains for us no other recourse.

We are compelled to close these four stores and stop expenses. With the opening of our new Market street establishment we shall centralize our San Francisco capital into one big organization. The building will soon be ready, and we must do so quickly.

### REDUCED PRICES MUST DO IT.

We realize that only the most drastic reductions will quickly dispose of these pianos at this time. We are satisfied to cut prices to cost and in some cases below cost. When we began last Monday there were 528 pianos, aggregating about \$240,000 in value. This is a stupendous undertaking, but the Elms organization has never failed in any emergency. We do not propose to call in this.

### \$125 TO \$400 CAN NOW BE SAVED.

We state positively that every purchase made now means an actual saving of \$125 to \$400 in gold, clicking coin. We are offering you your choice among such high grade instruments as Kimball, Deckers, Steinways, Knabens, Schumanns, Chickering, Hobart M. Cahles, Haddorffs, Peases, Sohmers, Hallet & Davis, Emersons, Bush & Gerts, Autopianos, Playola Pianos, Cecilians, Angelus and Pianola players and a score of other reliable and standard makes. New ones and some used ones, but all warranted in every respect.

### LESS THAN THREE WEEKS.

We have agreed to close out these four stores without delay. Most of these stores have been sublet and occupancy promised by Monday, March 10. This means quick action, and therefore every thought of profit has been eliminated.

### AT MAKERS' PRICES AND LESS.

Some of the very finest, brand new, \$500, \$550 and \$600 Deckers, Hazeltons, Hallet & Davis, Kimball, Lesters, Hobart M. Cahles and other highest grade pianos are yours at the makers' prices, even freight expenses being eliminated. Elegant new \$400 pianos of latest design go now for \$245; terms \$8 monthly; new \$225 pianos for \$135; terms \$5 monthly. Quality and service as well as price are fully warranted.

### FINEST ORCHESTRAL UPRIGHTS \$245

With about 400 instruments yet in stock it is difficult to give individual descriptions. We mention, however, several really phenomenal offerings of new pianos of old established world renowned makers that have never sold for less than \$500, containing the latest improved and most up-to-date features, including noiseless pedal action, lost mo-

tion and sostenuto attachments, which go for \$295. Cash or \$10 a month. Beautiful Concert Grand uprights in richest cases, and of the finest tone (regular price \$100), now go for \$245. Good, dependable pianos that will give a lifetime of service and have always been considered a remarkable value at \$250, you can get for \$137, \$6 a month.

### PIANOS \$95 AND UP.

### ORDER A PIANO BY MAIL.

Although we neglected to make mention of how easy it is to order a piano by mail, during the week we have sold a number of fine pianos to people in the interior of the state. We wish to say that all mail orders receive the most careful attention at the hands of a factory expert, who makes most conscientious and exact selection from all of our immense assortment. The instrument is sent out with the distinct understanding that if it is not in every way satisfactory it may be returned at our expense. The best friends we have are those who intrusted to us the selection of their piano.

### THE EILERS GUARANTEE.

Every piano sold, whether in the city, or outside, carries our unconditional guarantee, which means your money back if you are not satisfied.

Remember this remarkable sale is in progress at 1130 Van Ness Avenue and 1220 Fillmore Street, San Francisco; 1075 Clay Street, Oakland, and Shattuck Avenue and Bancroft Way, Berkeley. EILERS MUSIC COMPANY, largest piano retailers.

## 2 WEALTHY ALAMEDA BOYS CONFESS TO BOLD ROBBERY

## Son of Society Woman Impli- cated in Drug Store Burglary.

ALAMEDA, Feb. 28.—Oscar Young and Walter Tullock, under questioning of the police yesterday, made a complete confession of the robbing of the White Cross drug store at the corner of Park street and Encinal's avenue.

The arrest of the boys has created a sensation. Young is the son of Mrs. George Young, well known as a society woman, and Tullock has been boarding at a fashionable residence at 1729 San Antonio Avenue with Mrs. F. Deas. Neither boy is over seventeen years of age.

Last night burglary charges were placed against them and they have been unable to secure bail. Tullock is an orphan, but wealthy relatives in

## REV. BOYER TO TALK IN WEST OAKLAND TONIGHT

Rev. Thomas A. Boyer will deliver his popular lecture, "What Time is It and Where Are We?" at the Centennial M. E. Church, corner of Ninth and Chester streets, West Oakland, this evening. Many favorable comments have been made of the lectures of Dr. Boyer, which have been delivered in many cities.

A musical program has been arranged, and numbers will be rendered by Miss Lousa Sankov and the Centennial orchestra.

The East have been paying for his schooling and subsistence. The arrest of the boys occurred through the suspicion of Policeman Charles Kees, who saw Young in front of the drug store on Tuesday night, when it was robbed. It is now known that while Kees talked to Young, Tullock was inside.

The youths at first proclaimed their innocence, but finally confessed, and will be compelled to stand trial.

## \$15 SUIT SURPRISE

### THE LATEST SPRING STYLES

Each model you would judge to be worth a much higher price—and the style and beauty of each individual suit is only equalled by the unusual variety of patterns and colorings.

Included are blue, red, brown, tan and gray, either with white stripes or combined into swell mixtures, checks and plaids.

### See This \$15 Jacket Suit

One of the season's best productions, with three-quarter length fitted coat, in six different effects, in swell mixtures, satin lined—think of that for \$15.00.

Another notable value is a Panama Suit in black, blue, red and brown—the jacket satin lined and the skirt full pleated. Your inspection invited.

Other Suits \$7.50 to \$15.00.
